1. Swerving (मुड़ना/अचानक मोड़ना) (Verb) (swur-ving) (Neutral)

- **Meaning (English):** To change direction abruptly, especially to avoid a collision or obstacle.
- **Meaning (Hindi):** अचानक दिशा बदलना, विशेषकर टकराव या बाधा से बचने के लिए।
- **Origin Flowchart & Etymology:**
 - Middle English: "swerven" → **Old English: "sweorfan" (to rub, file away)**
- **Synonym + Antonym:**
 - **Synonyms:** Veering, Skidding, Turning
 - **Antonyms:** Continuing straight, Staying on course
- **Connotation:**
 - Neutral, slightly negative when implying lack of control.
- **Pictorial Scenario:**
 - A driver quickly swerving his car to avoid hitting a deer on the road.

- **Use in Non-Fiction (100 words max.):**

In road safety manuals, swerving is often discouraged unless absolutely necessary, as it may cause loss of vehicle control. Drivers are trained to brake in a straight line rather than swerving, which can reduce the risk of rollovers or collisions.

- **Correct and Incorrect Usage:**

-  He swerved to avoid the pothole.
-  उसने गड्ढे से बचने के लिए गाड़ी मोड़ दी।
-  He swerving quickly in the middle of road.
