Amongst, Passage, Impervious, Fortify, Clamp down

1 **Amongst (के बीच / के बीच में) (Preposition) (a-mongst) (Formal / Literary)**

- **Meaning (English):** In the middle of or surrounded by a group of people or things.
- **Meaning (Hindi):** किसी समूह या वस्तुओं के बीच में।
- **Synonym + Antonym:**
 - **Synonyms:** among, amid
 - **Antonyms:** outside, beyond
- **Connotation:** Neutral (slightly formal/literary tone)
- **Pictorial Scenario:** A person standing amongst a crowd in a busy marketplace.

- **Use in Non-Fiction (100 words):**

The term “amongst” is often used in formal or literary contexts to describe inclusion within a group or environment. While “among” is more common in modern usage, “amongst” provides a slightly elevated tone, especially in written discourse. It is frequently used to indicate relationships, distribution, or interactions within a group. For instance, policies may be implemented amongst different departments within an organization. Although both forms are interchangeable in many contexts, choosing “amongst” may depend on stylistic preference. Understanding its usage helps writers

maintain variation and tone in formal communication without altering the meaning significantly.

- **Correct and Incorrect Usage**

- ✓ He was standing **amongst friends**. (वह दोस्तों के बीच खड़ा था।)
- ✓ The funds were distributed **amongst the team**. (धन टीम के बीच वितरित किया गया।)
- ✓ There was confusion **amongst the participants**. (प्रतिभागियों के बीच भ्रम था।)
- ✗ He was amongst to them. (✗ **Explanation:** “Amongst” is a **preposition** and does not take “to.”)

- **Word Hack of the Day (in 50 words):**

- Use amongst as a reminder to stay aware of your environment—people, ideas, and influences around you. Growth often happens amongst others, not in isolation. Observe patterns, learn from interactions, and position yourself amongst those who challenge and elevate your thinking for better personal and professional development.

- **Common Collocations**

- amongst people, amongst friends, amongst groups, amongst themselves

- **My Statement:**

- There was confusion amongst friends while they were heading to their destination.
- He is amongst the top scholars at this university.
- A discussion was going on amongst the groups to prove a single point.

- **My Notes:** [Placeholder]

2 Passage (मार्ग / अंश) (Noun) (pas-sage) (Neutral)

- **Meaning (English):** A way through, or a section of text.
- **Meaning (Hindi):** मार्ग या किसी लेख का अंश।
- **Synonym + Antonym:**
 - **Synonyms:** path, route, excerpt
 - **Antonyms:** blockage, barrier
- **Connotation:** Neutral
- **Pictorial Scenario:** A narrow corridor connecting two rooms.

- **Use in Non-Fiction (100 words):**

The word “passage” is used across multiple domains, including literature, architecture, and transportation. In literature, it refers to a section of text that conveys specific information or meaning. In physical contexts, a passage may indicate a pathway or corridor connecting different areas. In historical or academic discussions, passages often highlight important excerpts that contribute to analysis and interpretation. The concept also extends metaphorically to transitions, such as the passage of time. Understanding the context in which “passage” is used is essential, as its meaning varies depending on whether it refers to physical movement, written content, or abstract transitions.

- **Correct and Incorrect Usage**

- ✓ The passage was narrow and dimly lit. (मार्ग संकरा और अंधेरा था।)
- ✓ Read the passage carefully. (अंश को ध्यान से पढ़ो।)
- ✓ The ship found a safe passage. (जहाज को सुरक्षित मार्ग मिला।)
- ✗ He passage the road. (✗ **Explanation:** "Passage" is a **noun**, not a verb.)

- **Word Hack of the Day (in 50 words):**

- Treat every challenge as a passage—a way through, not a dead end. When obstacles arise, focus on finding the path forward instead of getting stuck. Viewing problems as passages helps you stay solution-oriented, maintain momentum, and navigate difficulties with clarity and purpose.

- **Common Collocations**

- narrow passage, safe passage, reading passage, passage of time

- **My Statement:**

- The passage was blocked by the soldiers to protect the region.
- I could not understand the passage in time.
- You might have done many good or bad things over the passage of time.

- **My Notes:** [Placeholder]

3 Impervious (अप्रभावित / अभेद्य) (Adjective) (im-per-vi-ous) (Formal)

- **Meaning (English):** Not affected by something; unable to be penetrated.
- **Meaning (Hindi):** जिस पर प्रभाव न पड़े या जिसे भेदा न जा सके।
- **Synonym + Antonym:**
 - **Synonyms:** resistant, unaffected
 - **Antonyms:** vulnerable, sensitive
- **Connotation:** Neutral to positive (strength/resistance)
- **Pictorial Scenario:** A waterproof surface repelling water droplets.

- **Use in Non-Fiction (100 words):**

The term “impervious” is often used to describe resistance to physical or abstract influences. In scientific contexts, materials may be impervious to water or chemicals, making them valuable in construction and manufacturing. In psychological or social contexts, individuals may appear impervious to criticism or external pressure. While this can indicate strength and resilience, it may also suggest a lack of responsiveness or adaptability. Organizations strive to build systems that are impervious to risks while remaining flexible enough to adapt to change. The balance between resistance and adaptability is crucial for long-term effectiveness and sustainability.

- **Correct and Incorrect Usage**

- ✓ The material is **impervious to water**. (सामग्री पानी से अप्रभावित है।)
- ✓ He seemed **impervious to criticism**. (वह आलोचना से अप्रभावित लगा।)
- ✓ The walls are **impervious to heat**. (दीवारें गर्मी से अप्रभावित हैं।)
- ✗ He impervious the problem. (✗ **Explanation:** "Impervious" is an **adjective**, not a verb.)

- **Word Hack of the Day (in 50 words):**

- Build an impervious mindset against distractions and negativity. Train yourself to stay focused on goals without being affected by external noise or criticism. By becoming selectively impervious, you protect your energy, maintain clarity, and continue progressing steadily despite challenges or unnecessary influences around you.

- **Common Collocations**

- impervious to water, impervious to criticism, impervious surface

- **My Statement:**

- After facing a lot of mockery and criticism, she has become impervious to it.
- We are planning to build an impervious surface to withstand any form of attack.
- The structure of the dam is impervious to water.

- **My Notes:** [Placeholder]

4 Fortify (मजबूत करना) (Verb) (for-ti-fy) (Formal)

- **Meaning (English):** To strengthen or reinforce.
- **Meaning (Hindi):** मजबूत या सुदृढ़ करना।
- **Synonym + Antonym:**
 - **Synonyms:** strengthen, reinforce
 - **Antonyms:** weaken, undermine
- **Connotation:** Positive
- **Pictorial Scenario:** Workers strengthening a wall with additional support.

- **Use in Non-Fiction (100 words):**

Fortification is a key concept in both physical and abstract systems. In infrastructure, buildings and defenses are fortified to withstand external threats such as natural disasters or attacks. In health and nutrition, foods are fortified with essential vitamins and minerals to improve public well-being. In organizational contexts, systems and processes are fortified to enhance resilience and efficiency. The idea of fortification also extends to personal development, where individuals fortify their skills and mindset to overcome challenges. Strengthening structures—whether physical, mental, or institutional—is essential for long-term stability and growth in dynamic environments.

- **Correct and Incorrect Usage**

- ✓ The soldiers **fortified the base**. (सैनिकों ने आधार को मजबूत किया।)
- ✓ The food is **fortified with vitamins**. (भोजन विटामिन से समृद्ध किया गया।)
- ✓ We must **fortify our systems**. (हमें अपने सिस्टम को मजबूत करना चाहिए।)
- ✗ He fortify strong. (✗ **Explanation:** Incorrect structure; “fortify” requires an object.)

- **Word Hack of the Day (in 50 words):**

- Regularly fortify your weak areas—skills, habits, or systems—before they become problems. Instead of waiting for failure, strengthen your foundation in advance. This proactive approach builds resilience, improves performance, and ensures you’re prepared to handle challenges without scrambling for solutions at the last moment.

- **Common Collocations**

- fortify defenses, fortify systems, fortified food, fortify position

- **My Statement:**

- We need to fortify our position by adding more defenses on all sides.
- You are required to fortify the system before it goes live.
- Let’s fortify our food supplies before the winter season.

- **My Notes:** [Placeholder]

5 Clamp down (सख्ती करना) (Phrasal Verb) (clamp down) (Informal / Strong)

- **Meaning (English):** To take strict action to control or stop something.
- **Meaning (Hindi):** किसी चीज़ को नियंत्रित करने के लिए सख्ती करना।
- **Synonym + Antonym:**
 - **Synonyms:** enforce, restrict, suppress
 - **Antonyms:** relax, allow
- **Connotation:** Strong / authoritative
- **Pictorial Scenario:** Authorities enforcing strict rules in a crowded area.

- **Use in Non-Fiction (100 words):**

Governments and organizations often clamp down on activities that threaten stability, security, or ethical standards. This may include actions against corruption, illegal trade, or non-compliance with regulations. A clampdown typically involves stricter enforcement measures, increased monitoring, and harsher penalties. While such actions can restore order and accountability, excessive clampdowns may lead to resistance or unintended consequences. Therefore, it is important to balance enforcement with fairness and transparency. Effective clampdowns focus not only on controlling undesirable behavior but also on addressing underlying causes to ensure long-term compliance and stability.

- **Correct and Incorrect Usage**

- ✓ The government **clamped down on illegal activities**. (सरकार ने अवैध गतिविधियों पर सख्ती की।)
- ✓ Authorities are **clamping down on corruption**. (अधिकारी भ्रष्टाचार पर सख्ती कर रहे हैं।)
- ✓ The company **clamped down on policy violations**. (कंपनी ने नियम उल्लंघन पर कड़ी कार्रवाई की।)
- ✗ He clamp down the problem. (✗ **Explanation:** Requires “on” → clamp down on something.)

- **Word Hack of the Day (in 50 words):**

- Identify habits or distractions that drain your productivity and clamp down on them decisively. Set clear rules, limit exposure, and enforce discipline without exceptions. A timely clampdown prevents small issues from growing, helping you maintain focus, improve efficiency, and stay aligned with your long-term goals.

- **Common Collocations**

- clamp down on crime, clamp down on corruption, strict clampdown

- **My Statement:**

- The authorities clamp down on crime by granting special powers to the police.
- The regulatory authority clamps down on corruption across various sectors of the government.
- The strict clampdown was deemed necessary given the current situation.

- **My Notes:** [Placeholder]
