Itchy, Flagrant, Giddy, Infringe, Summon

1 Itchy (खुजली वाला / बेचैन) (Adjective) (itch-y) (Neutral → Negative)

- **Meaning (English):** Causing an irritating sensation that makes one want to scratch; restless or uneasy.
- **Meaning (Hindi):** खुजली पैदा करने वाला; बेचैनी महसूस करना।
- **Origin Flowchart & Etymology:**
 - Old English *giccan* (to itch) → **Middle English *icchen*** → itchy
- **Synonym + Antonym:**
 - **Synonyms:** irritating, scratchy, restless
 - **Antonyms:** soothing, comfortable
- **Connotation:** Mildly negative (physical or mental irritation)
- **Pictorial Scenario:** A person repeatedly scratching their arm due to a rash.

• **Use in Non-Fiction (in 100 words):**

In medical and public health literature, itchy is commonly used to describe a sensory symptom associated with skin conditions, allergies, or environmental irritants. Persistent itchy skin may indicate underlying issues such as eczema, fungal infections, or allergic reactions, prompting further clinical evaluation. Dermatological studies emphasize that itching is not merely a discomfort but a diagnostic signal reflecting inflammation or nerve sensitivity. In environmental health research, exposure to pollutants or harsh chemicals

is often linked to itchy sensations on the skin or eyes. Thus, itchy functions as a practical descriptor in non-fiction, connecting subjective experience with objective medical causes.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

-  *My skin feels itchy after the reaction.* (प्रतिक्रिया के बाद मेरी त्वचा में खुजली हो रही है।)
-  *My skin is itchingly.*

- **Example + Grammar:**

- *The itchy fabric irritated her skin.* (खुजली वाले कपड़े ने उसकी त्वचा को परेशान किया।)
- **Grammar Breakdown:**
 - S (Subject): The itchy fabric
 - V (Verb – Transitive): irritated
 - O (Object): her skin

- **Common Collocations:**

- itchy skin, itchy rash, itchy feeling

- **My Statement:**

- He ordered some cream to treat his itchy skin.
- I felt an itchy sensation on my tongue after eating that stuff.
- It is an itchy rash and will need an antiseptic cream to treat it.

- **My Notes:** [Leave as Placeholder]

2 Flagrant (घोर / स्पष्ट रूप से गलत) (*Adjective*) (fla-grant) Strongly Negative

- **Meaning (English):** Shockingly obvious or blatant, especially in wrongdoing.
- **Meaning (Hindi):** अत्यंत स्पष्ट और गंभीर रूप से गलत।
- **Origin Flowchart & Etymology:**
 - Latin *flagrare* (to burn) → **French *flagrant*** → flagrant
- **Synonym + Antonym:**
 - **Synonyms:** blatant, glaring, egregious
 - **Antonyms:** subtle, minor, concealed
- **Connotation:** Strongly negative (moral/legal violation)
- **Pictorial Scenario:** A referee pointing at a clear foul during a match.

- **Use in Non-Fiction (in 100 words):**

In legal, political, and ethical discourse, flagrant is reserved for violations that are unmistakably obvious and severe. A flagrant breach of law signals not just wrongdoing but a blatant disregard for established norms and authority. Such acts undermine institutional credibility and erode public trust, prompting demands for accountability and reform. In international relations, flagrant violations of treaties often escalate tensions and invite sanctions. Scholars and policymakers use the term carefully, as its weight lies in distinguishing ordinary misconduct from actions so evident and serious that denial becomes impossible.

- **Correct and Incorrect Usage:**

-  *It was a **flagrant** violation of the rules.* (यह नियमों का घोर उल्लंघन था।)
-  *It was a **flagrant** small mistake.*

- **Word Hack of the Day (in 50 words):**

- Use **flagrant** only when wrongdoing is obvious, undeniable, and serious. If the act shocks common sense or openly defies rules, this word fits. Avoid overusing it for minor faults—**flagrant** loses power when applied to trivial mistakes.

- **Example + Grammar:**

- *The company committed a **flagrant** breach.* (कंपनी ने गंभीर रूप से स्पष्ट उल्लंघन किया।)
- **Grammar Breakdown:**
 - S (Subject): The company
 - V (Verb – Transitive): committed
 - O (Object): a **flagrant** breach

- **Common Collocations:**

- **flagrant** violation, **flagrant** abuse

- **My Statement:**

- The startup founders committed **flagrant** abuse of investors' money.
- The country committed a **flagrant** violation of international law.
- The attacker carried out a **flagrant** cyberattack on the bank's systems.

- **My Notes:** [Leave as Placeholder]

3 Giddy (चक्कर में / अत्यधिक उत्साहित) (*Adjective*) (gid-dy) (Neutral → Lightly Negative)

- **Meaning (English):** Feeling dizzy or excessively excited and carefree.
- **Meaning (Hindi):** चक्कर आना या अत्यधिक उत्साह।
- **Origin Flowchart & Etymology:**
 - Old English *giddy* (insane, dizzy) → **giddy**
- **Synonym + Antonym:**
 - **Synonyms:** dizzy, elated
 - **Antonyms:** steady, serious
- **Connotation:** Light / Informal
- **Pictorial Scenario:** A child spinning in circles and laughing.

- **Use in Non-Fiction (in 100 words):**

In psychology and behavioral studies, giddy is used to describe a state where excitement or dizziness temporarily disrupts balance and judgment. Researchers note that giddy reactions often occur in moments of sudden success, celebration, or sensory overload, when emotional arousal overrides rational control. While mild giddiness can enhance motivation and social bonding, excessive giddiness may impair decision-making and increase risk-taking. In sports science and medicine, feeling giddy during exertion can also signal dehydration, fatigue, or low blood pressure, requiring immediate attention. Thus, giddiness serves as both an emotional indicator and a physiological warning.

- **Correct and Incorrect Usage:**

- She felt giddy with excitement. (उसे उत्साह से चक्कर-सा महसूस हुआ।)
- She giddied the room. ❌

- **Word Hack of the Day (in 50 words):**

- Use giddy when excitement or dizziness slightly overwhelms control. It captures joy that borders on imbalance. Celebrate the emotion, but recognize its limit—giddiness is a signal to slow down before enthusiasm turns into carelessness or poor judgment.

- **Example + Grammar:**

- *She felt giddy with excitement.* (उसे उत्साह से चक्कर-सा महसूस हुआ।)
- **Grammar Breakdown:**
 - S (Subject): She
 - V (Verb – Linking): felt
 - C (Subject Complement – Adjective): giddy
 - **(Prepositional Phrase – Cause/State): with excitement**
 - ↳ P (Preposition): with
 - ↳ O (Object of Preposition): excitement

- **Common Collocations:**

- feel giddy, giddy excitement

- **My Statement:**

- The footballer felt giddy in the middle of the match.
- His giddy excitement after getting a new PlayStation was clearly visible.
- The audience was almost giddy with excitement to see the legend back.

- **My Notes:** [Leave as Placeholder]

4 Infringe (उल्लंघन करना) (Verb) (in-fringe) (Formal / Negative)

- **Meaning (English):** To violate or break a law, rule, or right.
- **Meaning (Hindi):** कानून या अधिकार का उल्लंघन करना।
- **Origin Flowchart & Etymology:**
 - Latin *infringere* (to break) → **Old French** → infringe
- **Synonym + Antonym:**
 - **Synonyms:** violate, breach
 - **Antonyms:** respect, uphold
- **Connotation:** Legal / Ethical (negative)
- **Pictorial Scenario:** A stamp marked “Violation” on a legal document.

- **Use in Non-Fiction (in 100 words):**

In legal and constitutional discourse, infringe is used to describe violations of protected rights, laws, or freedoms. When policies or actions infringe upon individual liberty, they raise serious ethical and judicial concerns. Courts examine whether such infringements are justified, proportional, and lawful, particularly in cases involving privacy, speech, or equality. In intellectual property law, infringement occurs when copyrighted material is used without authorization, undermining creators' rights and economic interests. The term carries a formal tone and is applied carefully, as it signifies crossing a clearly defined legal boundary rather than committing a minor or accidental error.

- **Correct and Incorrect Usage:**

- The policy infringes on individual freedom. (यह नीति व्यक्तिगत स्वतंत्रता का उल्लंघन करती है।)
- He infringed the rule accidentally. ❌

- **Word Hack of the Day (in 50 words):**

- Use infringe for clear violations of laws, rights, or boundaries. It implies crossing a defined line, not a casual mistake. When something is protected and someone oversteps it, infringe precisely captures the seriousness of that breach.

- **Example + Grammar:**

- *The policy infringes on individual freedom.* (यह नीति व्यक्तिगत स्वतंत्रता का उल्लंघन करती है।)
- **Grammar Breakdown:**
 - S (Subject): The policy
 - V (Verb – Transitive): infringes
 - **(Prepositional Phrase – Object of Infringement): on individual freedom**
 - ↳ P (Preposition): on
 - ↳ O (Object of Preposition): individual freedom

- **Common Collocations:**

- infringe rights, infringe laws

- **My Statement:**

- Those who infringe the law will be punished.
- Legal charges apply to employers who infringe the rights of employees.
- We expected that no one would ever violate the system's rules.

- **My Notes:** [Leave as Placeholder]

5 Summon (बुलाना / आह्वान करना) (Verb) (sum-mon) (Formal / Neutral)

- **Meaning (English):** To formally call someone or gather courage or effort.
- **Meaning (Hindi):** औपचारिक रूप से बुलाना या साहस जुटाना।
- **Origin Flowchart & Etymology:**
 - Latin *summonere* (call) → **Old French *somoner*** → summon
- **Synonym + Antonym:**
 - **Synonyms:** call, convene
 - **Antonyms:** dismiss, release
- **Connotation:** Formal / Authoritative
- **Pictorial Scenario:** A court notice ordering someone to appear.

- **Use in Non-Fiction (in 100 words):**

In legal, administrative, and institutional contexts, summon refers to a formal act of calling someone to appear or respond under authority. Courts summon witnesses to ensure due process and accountability, while regulatory bodies summon officials to seek explanations or evidence. Beyond legal usage, non-fiction writing also employs summon metaphorically to describe deliberate internal effort, such as summoning courage or resolve during crises. Leadership studies often highlight the ability to summon collective will in moments of uncertainty. In all uses, the word conveys intentionality and authority, distinguishing it from casual requests or spontaneous actions.

- **Correct and Incorrect Usage:**

- The court summoned the witness. (अदालत ने गवाह को तलब किया।)
- He summoned to the office. ❌

- **Word Hack of the Day (in 50 words):**

- Use summon when effort, authority, or intention is deliberate. You summon people formally, and you summon courage internally. The word implies conscious gathering—not chance. If strength, resolve, or presence is drawn up intentionally, summon is the right choice.

- **Example + Grammar:**

- *He summoned the courage to speak.* (उसने बोलने का साहस जुटाया।)
- **Grammar Breakdown:**
 - S (Subject): He
 - V (Verb – Transitive): summoned
 - O (Direct Object): the courage
 - **(Infinitive Phrase – Purpose): to speak**
 - ↳ Infinitive: to speak

- **Common Collocations:**

- summon courage, summon witnesses

- **My Statement:**

- The court summoned witnesses 3 weeks before the hearing date.
- Let me summon the courage to do extraordinary things.
- As he was summoned by the court, he was obliged to appear.

- **My Notes:** [Leave as Placeholder]
