Tergiversation, Truculent, Unabashed, Uncanny, Untoward

1 Tergiversation (दलबदल / टालमटोल) (Noun) (,t3:dʒɪv3:'seɪʃən) (Negative / Formal)

- **Meaning (English):** Evasion of a clear statement or repeated changing of one's position.
- **Meaning (Hindi):** बार-बार पक्ष बदलना या स्पष्ट उत्तर से बचना।
- **Origin Flowchart & Etymology:**
 - Latin *tergiversari* (to turn one's back) → **Late Latin** *tergiversatio* → Modern English *tergiversation*
- **Synonym + Antonym:**
 - **Synonym:** Evasion, prevarication
 - **Antonym:** Commitment, steadfastness
- **Connotation:** Strongly negative, politically unreliable
- **Pictorial Scenario:** A politician changing stance at every press conference.

- **Use in Non-Fiction (in 100 words):**

In political science and ethics, tergiversation is viewed as a serious breach of public trust. Leaders who engage in repeated policy reversals or evasive rhetoric weaken institutional credibility. Scholars link tergiversation with populist strategies where ambiguity is intentionally maintained for electoral gain. In diplomacy, excessive tergiversation can derail negotiations by creating uncertainty. Thus, the concept is central to discussions on accountability, transparency, and leadership integrity.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

-  **Correct:** *His tergiversation weakened public confidence.* (उसकी टालमटोल ने जनविश्वास को कमजोर किया।)
-  **Incorrect:** *He tergiversated the plan yesterday.* (गलत प्रयोग)

- **Word Hack of the Day (in 50 words):**

- Use TERGIVERSATION as a warning against indecision and shifting standards. When you keep changing your stance to avoid responsibility, you lose clarity and trust. Make deliberate choices and stand by them. Progress favors those who commit, not those who constantly turn away from difficult decisions.

- **Example (English + Hindi Equivalent):**

- *Political tergiversation erodes democratic trust.* (राजनीतिक टालमटोल लोकतांत्रिक विश्वास को नष्ट करती है।)
- **Grammar Breakdown:**
 - S (Subject): Political tergiversation
 - V (Verb – Main, Transitive, Present Simple): erodes
 - O (Object): democratic trust

- **Common Collocations:**

- political tergiversation, repeated tergiversation, moral tergiversation

- **My Statement:**

- I could not trust him because of his constant tergiversation.
- He must stop his tergiversation, as it erodes all trust
- Political tergiversation is common among politicians.

- **My Notes:** [Leave as Placeholder]

2 Truculent (आक्रामक / उग्र) (Adjective) ('trʌkjʊlənt) (Negative / Aggressive)

- **Meaning (English):** Eager to fight; aggressively hostile.
- **Meaning (Hindi):** लड़ाकू और अत्यधिक आक्रामक स्वभाव वाला।
- **Origin Flowchart & Etymology:**
 - Latin *trux* (savage) → ***truculentus*** → Modern English *truculent*
- **Synonym + Antonym:**
 - **Synonym:** Hostile, belligerent
 - **Antonym:** Calm, peaceful
- **Connotation:** Strongly negative, threatening
- **Pictorial Scenario:** An angry mob shouting violently at authorities.

- **Use in Non-Fiction (in 100 words):**

In behavioral psychology and conflict studies, truculent behavior is examined as a manifestation of unresolved aggression and perceived threat. Truculent individuals often escalate disputes rather than negotiate. In geopolitics, truculent posturing between rival states increases the risk of unintended conflict. Analysts frequently describe aggressive diplomatic rhetoric as truculent when it signals unwillingness for compromise. Hence, truculence is treated as a destabilizing force in both personal and international relations.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

-  **Correct:** *The suspect became truculent during interrogation.* (पूछताछ के दौरान आरोपी उग्र हो गया।)
-  **Incorrect:** *He truculent the officer.* (गलत रूप)

- **Word Hack of the Day (in 50 words):**

- Use TRUCULENT as a reminder to monitor your aggression. When anger becomes your default response, communication turns into conflict. Strength is not proven through hostility but through control. Channel truculent energy into disciplined action, not destructive reaction, and your influence will grow without fear.

- **Example (English + Hindi Equivalent):**

- *His truculent attitude alarmed the guards.* (उसके उग्र स्वैये ने पहरेदारों को सतर्क कर दिया।)
- **Grammar Breakdown:**
 - S (Subject): His truculent attitude
 - V (Verb – Main, Transitive, Past Simple): alarmed
 - O (Object): the guards

- **Common Collocations:**

- truculent behavior, truculent response, truculent stance, truculent crowd

- **My Statement:**

- She did not like her husband's truculent stance.
- We are not going to let any truculent individual participate in the performance.
- He was rejected for his truculent behaviour.

- **My Notes:** [Leave as Placeholder]

3 Unabashed (निस्संकोच / बेशर्म) (Adjective) (ˌʌnəˈbæʃt) (Neutral / Confident)

- **Meaning (English):** Not embarrassed, disconcerted, or ashamed.
- **Meaning (Hindi):** बिना संकोच या शर्म के।
- **Origin Flowchart & Etymology:**
 - Old English *bash* (to embarrass) → ***abash*** → *unabashed*
- **Synonym + Antonym:**
 - **Synonym:** Unashamed, bold
 - **Antonym:** Bashful, embarrassed
- **Connotation:** Neutral to positive (confidence), sometimes critical
- **Pictorial Scenario:** A speaker confidently addressing a large audience without hesitation.

- **Use in Non-Fiction (in 100 words):**

In leadership and communication studies, unabashed confidence is often viewed as a marker of robust self-efficacy. Leaders who remain unabashed under criticism tend to inspire followers through assurance and emotional stability. However, excessive unabashedness can be perceived as arrogance if not tempered with humility. Media analysis frequently characterizes whistleblowers and reformers as unabashed when they

openly challenge entrenched systems. Thus, the term navigates both admiration and scrutiny in public discourse.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

-  **Correct:** *She gave an unabashed reply to the critics.* (उसने आलोचकों को निस्संकोच उत्तर दिया।)
-  **Incorrect:** *He unabashed the question.* (गलत प्रयोग)

- **Word Hack of the Day (in 50 words):**

- Use **UNABASHED** as a cue for authentic confidence. Speak your truth without unnecessary fear of judgment, but without arrogance. Being unabashed is not about being loud—it is about being grounded. When self-respect replaces self-doubt, your actions gain clarity, courage, and emotional freedom.

- **Example (English + Hindi Equivalent):**

- *He showed unabashed confidence on stage.* (उसने मंच पर निस्संकोच आत्मविश्वास दिखाया।)
- **Grammar Breakdown:**
 - S (Subject): He
 - V (Verb – Main, Transitive, Past Simple): showed
 - O (Object): unabashed confidence
 - **+ (Adverbial Prepositional Phrase of Place): on stage**
 - ↳ Prep: on
 - ↳ O (Object of Preposition): stage

- **Common Collocations:**

- unabashed confidence, unabashed support, unabashed pride

- **My Statement:**

- The country received unabashed support from its allies in spite of sanctions from a major economy.
- She was directly selected when her unabashed presentation was seen by the leaders.
- You could be in big trouble because of your unabashed statements.

- **My Notes:** [Leave as Placeholder]

4 **Uncanny (अलौकिक / रहस्यमय) (Adjective) (ʌnˈkæni) (Mysterious / Eerie)**

- **Meaning (English):** Strange or mysterious, especially in an unsettling way.
- **Meaning (Hindi):** अजीब और रहस्यपूर्ण, जो असहज कर दे।
- **Origin Flowchart & Etymology:**
 - Old English *cann* (to know) → **uncanny (unknown, strange)** → Modern English *uncanny*
- **Synonym + Antonym:**
 - **Synonym:** Eerie, strange
 - **Antonym:** Normal, ordinary
- **Connotation:** Mysterious, slightly negative
- **Pictorial Scenario:** A lifelike doll staring with an unsettling expression.

- **Use in Non-Fiction (in 100 words):**

In cognitive science and robotics, the concept of the uncanny valley explains human discomfort when artificial objects appear almost—but not quite—human. Uncanny experiences trigger subconscious threat detection mechanisms. Psychologists study uncanny perceptions to understand fear, familiarity, and pattern recognition. In literature and cinema, the uncanny is a powerful device to evoke suspense and emotional

disturbance. Thus, uncanny functions at the intersection of perception, psychology, and aesthetics.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

-  **Correct:** *He has an uncanny ability to predict results.* (उसमें परिणाम भांपने की अलौकिक क्षमता है।)
-  **Incorrect:** *He uncanny the story.* (गलत संरचना)

- **Word Hack of the Day (in 50 words):**

- Use UNCANNY as a signal to sharpen intuition. When something feels strangely familiar yet unsettling, pause and reassess instead of ignoring the instinct. The uncanny often hints at hidden patterns or missed details. Train yourself to investigate quiet discomfort—it can protect you from subtle mistakes and false assumptions.

- **Example (English + Hindi Equivalent):**

- *She noticed an uncanny silence in the room.* (उसने कमरे में रहस्यमय खामोशी महसूस की।)
- **Grammar Breakdown:**
 - S (Subject): She
 - V (Verb – Main, Transitive, Past Simple): noticed
 - O (Object): an uncanny silence
 - **+ (Adverbial Prepositional Phrase of Place): in the room**
 - ↳ Prep: in
 - ↳ O (Object of Preposition): the room

- **Common Collocations:**

- uncanny resemblance, uncanny ability, uncanny silence, uncanny valley

- **My Statement:**

- We decided to visit an uncanny valley near the abandoned area.
- I had some uncanny experiences in the past that I can't even discuss.
- We never expected the experiment could have uncanny results.

- **My Notes:** [Leave as Placeholder]

5 Untoward (अनुचित / अप्रत्याशित) (Adjective) (ʌnˈtəʊwəd) (Formal / Negative)

- **Meaning (English):** Unexpected and usually causing trouble or difficulty.
- **Meaning (Hindi):** अप्रत्याशित और समस्या उत्पन्न करने वाला।
- **Origin Flowchart & Etymology:**
 - Old English *toward* (favorable) → **untoward** (unfavorable)
- **Synonym + Antonym:**
 - **Synonym:** Unfortunate, adverse
 - **Antonym:** Favorable, fortunate
- **Connotation:** Negative, cautionary
- **Pictorial Scenario:** Officials handling an emergency accident scene.

- **Use in Non-Fiction (in 100 words):**

In administrative and legal reporting, the term untoward is commonly used to describe unexpected incidents that disrupt standard operations. Government documents frequently refer to untoward events such as mishaps, accidents, or security breaches. The term provides a formal, neutral way of acknowledging irregularities without assigning immediate blame. In healthcare and safety management, untoward incidents trigger mandatory review mechanisms to prevent recurrence. Thus, untoward acts as a procedural warning signal in institutional systems.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

-  **Correct:** *No untoward incident was reported.* (कोई भी अप्रत्याशित घटना दर्ज नहीं हुई।)
-  **Incorrect:** *He untoward the project.* (गलत प्रयोग)

- **Word Hack of the Day (in 50 words):**

- Use UNTOWARD as a preparedness trigger. Always expect the unexpected and maintain buffers—of time, money, and patience. Untoward events test composure, not just plans. When disruptions arise, respond with structure instead of panic. Resilience is built by planning for what you hope never happens.

- **Example (English + Hindi Equivalent):**

- *The officials reported no untoward incident.* (अधिकारियों ने किसी भी अप्रत्याशित घटना की सूचना नहीं दी।)
- **Grammar Breakdown:**
 - S (Subject): The officials
 - V (Verb – Main, Transitive, Past Simple): reported
 - O (Object): no untoward incident

- **Common Collocations:**

- untoward incident, untoward event, untoward development

- **My Statement:**

- The untoward incident took away several lives within an hour.
- She could not fathom the untoward situation in her life.
- Prepare for the untoward circumstances using a buffer of time.

- **My Notes:** [Leave as Placeholder]
