 - **Antonyms:** detach, release
- **Connotation:** Neutral to slightly negative (emotional dependence)

- **Use in Non-Fiction (in 100 words):**

The verb *cling* is often used in psychology and sociology to describe emotional attachment or resistance to change. Individuals may cling to outdated beliefs, familiar routines, or past identities when confronted with uncertainty. - **Correct and Incorrect Usage (English + Hindi Equivalent):**

- ✗ He clung the wall. (वह दीवार को चिपका।)

- **Word Hack of the Day (in 50 words):**

- *She clung to hope during the crisis.* (संकट के दौरान वह आशा से चिपकी रही।)
- **Grammar Breakdown:**
 - S (Subject): She
 - V (Verb – Intransitive): cling

2 Plod (धीरे-धीरे चलना) (Verb/Noun) (plod) (Neutral / Slightly Negative)

- **Meaning (English):** To walk or work slowly and heavily; steady but dull progress.
- **Meaning (Hindi):** भारीपन के साथ धीरे चलना या काम करना।
- **Origin Flowchart & Etymology:**
 - Middle English *plodden* (to trudge) → **English *plod***
- **Synonym + Antonym:**
 - **Synonyms:** trudge, slog
 - **Antonyms:** sprint, rush
- **Connotation:** Dull, laborious persistence
- **Pictorial Scenario:** A tired worker walking slowly after a long day.

- **Use in Non-Fiction (in 100 words):**

Plod is often used to describe sustained effort without excitement or innovation. In organizational studies, teams that plod forward may achieve consistency but lack agility. The term highlights endurance rather than brilliance. While sometimes dismissive, plodding progress can be reliable in long-term projects where speed is less critical than persistence.

- **Correct and Incorrect Usage:**

- ✓ He plodded through the paperwork. (उसने कागज़ी काम धीरे-धीरे निपटाया।)
- ✗ He plodded quickly to the office. (वह तेज़ी से धीरे चला।)

- **Word Hack of the Day (in 50 words):**

- Use plod to describe slow, steady movement or progress that requires endurance rather than speed. It suits physical trudging and mental effort alike. If advancement feels heavy, tiring, but persistent, plod accurately conveys that sustained, unglamorous effort.

- **Example (English + Hindi Equivalent):**

- *They plodded along the muddy road.* (वे कीचड़ भरी सड़क पर धीरे-धीरे चलते गए।)

- **Grammar Breakdown:**

- **Pictorial Scenario:** A proposal so impractical that people laugh.

- **Use in Non-Fiction (in 100 words):**

Ludicrous is used in critiques to dismiss ideas that lack logic or feasibility. In legal, political, or editorial writing, it signals firm rejection rather than mild disagreement. Because it carries ridicule, writers must justify its use with clear reasoning to maintain credibility.

- **Correct and Incorrect Usage:**

- ✓ The claim was ludicrous. (दावा हास्यास्पद था।)

- **✗** A ludicrous improvement. (हास्यास्पद सुधार।)
- **Word Hack of the Day (in 50 words):**

- **Pictorial Scenario:** A massive crowd celebrating a victory.

- **Use in Non-Fiction (in 100 words):**

- ✓ She showed tremendous courage. (उसने अद्भुत साहस दिखाया।)
- ✗ A tremendous small change. (अत्यधिक छोटा बदलाव।)

- **Word Hack of the Day (in 50 words):**

- Use tremendous to emphasize scale, intensity, or impact—not trivial size. It works best for effort, success, pressure, or influence. If something causes a strong effect or significant change, tremendous adds weight; avoid pairing it with anything minor or ordinary.

 - **Antonyms:** bore, dull
- **Connotation:** Positive; sometimes superficial
- **Pictorial Scenario:** Stage lights dazzling an audience.

- **Use in Non-Fiction (in 100 words):**

Dazzle is often used metaphorically in media, business, and performance analysis. Presentations may dazzle audiences visually while lacking substance. Analysts caution against mistaking dazzle for depth. The term helps separate surface appeal from lasting value.

- **Correct and Incorrect Usage:**

- ✓ The display dazzled the crowd. (प्रदर्शन ने भीड़ को चकाचौंध कर दिया।)

- **✗** The logic dazzled him. (तर्क ने उसे चकाचौंध कर दिया।)
- **Word Hack of the Day (in 50 words):**
 - Use dazzle when something impresses through brilliance, spectacle, or surface appeal. It often highlights immediate impact rather than lasting depth. If attention is captured instantly—by light, talent, or presentation—dazzle conveys that striking, eye-catching effect accurately.
- **Example (English + Hindi Equivalent):**
 - *Her performance dazzled the judges.* (उसके प्रदर्शन ने निर्णायकों को चकाचौंध कर दिया।)
