Propounded, Warring, Squabbling, Consigliere, Articulation

1. Propounded (प्रस्तावित किया गया) (Verb) (pruh-POWN-did) (Formal/Academic Tone)

- **Meaning (English):** Put forward an idea, theory, or point of view for consideration by others.
- **Meaning (Hindi):** किसी विचार, सिद्धांत या मत को विचारार्थ प्रस्तुत करना।
- **Origin Flowchart & Etymology:**
 - Latin "*proponere*" → Old French "*proponder*" → Middle English "*propound*"
- **Synonym + Antonym:**
 - **Synonyms:** Proposed, Presented, Suggested, Advocated
 - **Antonyms:** Withheld, Suppressed, Opposed
- **Connotation:** Neutral to positive (depends on context)
- **Pictorial Scenario:** A philosopher at a podium explaining his theory to university students.

- **Use in Non-Fiction (100 words):**

In academic literature, several frameworks have been **propounded** to understand consumer behavior. One of the earliest models suggested a direct correlation between income levels and purchasing power, while later researchers **propounded** more nuanced theories accounting for psychological, cultural, and technological influences. These evolving ideas form the backbone of modern economic and marketing strategies.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

-  She **propounded** a new theory on climate adaptation. (उसने जलवायु अनुकूलन पर एक नया सिद्धांत प्रस्तावित किया।)
-  She **propounded** to go to the market. (यह वाक्य गलत है क्योंकि "propounded" विचार/सिद्धांत के लिए होता है, कार्यों के लिए नहीं।)

- **Example + Grammar Explanation:**

- The researcher propounded a new framework for ethical AI. (शोधकर्ता ने नैतिक एआई के लिए एक नया ढांचा प्रस्तावित किया।)
- **Grammar Breakdown:**
 - Subject: The researcher (singular)
 - Verb (past): propounded (V2)
 - Object: a new framework
 - Prepositional phrase: for ethical AI

- **Common Collocations:**

- Propounded theory, Propounded idea, First propounded by, Propounded solution

- **My Statement:**

- He propounded his idea to the investors who were willing to invest money into promising ideas. ***
- He propounded his idea to the investors who were willing to invest money in promising ideas.
- After years of research, a solution was propounded to cure cancer free of cost. ***
- After years of research, a solution was propounded for curing cancer at no cost.
- When we looked at the history, we saw the idea was first propounded by a German scholar in his research done at a German university. ***

- Historical records show that the idea was first propounded by a German scholar during his research at a university in Germany.

2. Warring (युद्धरत) (Adjective) (WAWR-ing) (Conflict Tone)

- **Meaning (English):** Involved in conflict or fighting; hostile groups or individuals.
- **Meaning (Hindi):** युद्ध में शामिल या विरोध कर रहे।
- **Origin Flowchart & Etymology:**
 - Middle English "*werre*" → Old French "*guerre*" → War + "-ing"
- **Synonym + Antonym:**
 - **Synonyms:** Fighting, Conflicting, Hostile
 - **Antonyms:** Peaceful, Harmonious, United
- **Connotation:** Negative
- **Pictorial Scenario:** Two rival tribes clashing in an open field.

- **Use in Non-Fiction (100 words):**

The documentary explores the history of **warring** clans in the Middle East, analyzing how geopolitical interests and cultural divisions fuel centuries-old tensions. It highlights not just the violence, but also the economic and psychological toll it takes on civilian populations. Understanding the motivations behind these **warring** factions is essential for formulating any sustainable peace strategy.

- **Correct and Incorrect Usage:**

-  The **warring** nations finally agreed to a ceasefire. (युद्धरत देशों ने अंततः युद्धविराम पर सहमति जताई।)
-  The **warring** books were kept on the shelf. ("Warring" can't describe inanimate objects like books.)

- **Example + Grammar Explanation:**

- The warring tribes refused to negotiate. (आपस में युद्धरत जनजातियों ने बातचीत से इनकार कर दिया।)
- **Grammar Breakdown:**
 - Adjective: warring (modifies "tribes")
 - Verb: refused
 - Infinitive phrase: to negotiate

- **Common Collocations:**

- Warring factions, Warring tribes, Warring states, Warring parties

- **My Statement:**

- The warring parties do not want to listen to others opinion, they just want to put their thoughts. ***
- The warring parties do not want to listen to others' opinions; they only want to express their own views.
- The warring tribes treated their rivals as a biggest threat to their existence. ***
- The warring tribes treated their rivals as the biggest threat to their existence.
- Even after years of tensions, warring nations came together to sign a pact intended to dampen tensions between them.

3. Squabbling (झगड़ना) (Verb/Noun) (SKWOB-ling) (Casual/Conflict Tone)

- **Meaning (English):** To argue noisily about something petty or trivial.
- **Meaning (Hindi):** छोटी-मोटी बातों पर झगड़ना।
- **Origin Flowchart & Etymology:**
 - Possibly Scandinavian "*skvab*" → **Imitative origin (sound of squabbling)**
- **Synonym + Antonym:**
 - **Synonyms:** Bickering, Quarreling, Wrangling
 - **Antonyms:** Agreeing, Cooperating, Reconciling
- **Connotation:** Slightly negative, informal
- **Pictorial Scenario:** Two children arguing over a toy in a park.

- **Use in Non-Fiction (100 words):**

In organizational dynamics, constant **squabbling** between departments can derail productivity and foster a toxic environment. While healthy debate is crucial, unresolved petty disputes often stem from unclear roles or lack of leadership. Leaders must recognize the early signs of **squabbling** and establish conflict resolution protocols to maintain team synergy.

- **Correct and Incorrect Usage:**

-  The siblings were **squabbling** over the remote control. (भाई-बहन रिमोट को लेकर झगड़ रहे थे।)
-  They were **squabbling** about a major contract breach. ("Squabbling" is too informal for serious issues like a contract breach.)

- **Example + Grammar Explanation:**

- They were squabbling over who gets the last slice of pizza. (वे अंतिम पिज़्ज़ा का टुकड़ा किसे मिलेगा, इस पर झगड़ रहे थे।)
- **Grammar Breakdown:**
 - Subject: They
 - Verb phrase: were squabbling (past continuous)
 - Prepositional phrase: over who gets the last slice of pizza

- **Common Collocations:**

- Squabbling children, Constant squabbling, Squabbling over, Political squabbling

- **My Statement:**

- **(NOUN)**
 - Squabbling can be benign as well as toxic, if not addressed properly.
 - We don't like squabbling, better you leave this place. ***
 - We prefer to avoid squabbling here—perhaps it's best to step away for now.
 - You should avoid squabbling with your brother for little things. ***
 - You should avoid squabbling with your brother over small things.
- **(VERB)**
 - The way they were squabbling with each other was funny.
 - They always start squabbling with each other while watching shows of their preference on TV. ***
 - They always start squabbling while watching their favorite TV shows.
 - The children were squabbling over the remote, which broke when one tried to snatch but mistakenly hit the wall at full speed. ***

- The children were squabbling over the remote, which broke when one of them tried to snatch it but accidentally slammed it against the wall.

4. Consigliere (सलाहकार) (Noun) (kon-SEE-lyeh-ree) (Mafia/Strategic Tone)

- **Meaning (English):** A trusted advisor or counselor, especially in organized groups.
- **Meaning (Hindi):** भरोसेमंद सलाहकार।
- **Origin Flowchart & Etymology:**
 - Italian "*consigliare*" = "to advise" → **Consigliere** = "advisor"
- **Synonym + Antonym:**
 - **Synonyms:** Advisor, Strategist, Counselor, Confidant
 - **Antonyms:** Opponent, Rival, Outsider
- **Connotation:** Neutral to slightly mysterious/strategic (pop-culture link to Mafia)
- **Pictorial Scenario:** A man whispering strategic advice to a powerful leader in a dim-lit office.

- **Use in Non-Fiction (100 words):**

Behind every successful CEO is a **consigliere** — someone who provides honest, strategic counsel, even when it's hard to hear. These advisors help navigate complex negotiations, legal decisions, or market pivots. In corporate literature, the role of a **consigliere** is equated with trusted board members or senior aides who remain outside the spotlight but deeply influence outcomes.

- **Correct and Incorrect Usage:**

-  She served as the **consigliere** to the president during the crisis. (उसने संकट के दौरान राष्ट्रपति की सलाहकार के रूप में सेवा की।)
-  He is my **consigliere** in cooking. ("Consigliere" implies strategic/serious counsel — casual domains like cooking don't fit.)

- **Example + Grammar Explanation:**

- He acted as the consigliere, guiding the company through tough times. (उसने एक सलाहकार की भूमिका निभाई, जो कठिन समय में कंपनी का मार्गदर्शन करता रहा।)
- **Grammar Breakdown:**
 - Subject: He
 - Verb: acted
 - Prepositional phrase: as the consigliere
 - Present participle phrase: guiding the company...

- **Common Collocations:**

- Trusted consigliere, Political consigliere, Mafia consigliere, Senior consigliere

- **My Statement:**

- The mafia consigliere played a crucial role of providing strategic guidance to his organization. ***
- The mafia consigliere played a crucial role in providing strategic guidance to his organization.
- The startup hired a consigliere which is unusual in case of early age corporations. ***
- The startup hired a consigliere, which is unusual for early-stage startups.
- How can we avoid such consigliere in the market who constantly ruin our current positioning? ***
- How can we avoid such a consigliere in the market who constantly ruins our current positioning?

- **My Notes:** [Leave as Placeholder]

5. Articulation (अभिव्यक्ति) (Noun) (ar-tik-yuh-LAY-shun) (Formal Tone)

- **Meaning (English):** The clear expression of ideas or speech.
- **Meaning (Hindi):** विचारों या भाषण की स्पष्ट अभिव्यक्ति।
- **Origin Flowchart & Etymology:**
 - Latin "*articulare*" = "to divide into joints" → **French *articulation* = expression**
- **Synonym + Antonym:**
 - **Synonyms:** Expression, Enunciation, Communication
 - **Antonyms:** Mumbling, Inarticulateness, Confusion
- **Connotation:** Positive
- **Pictorial Scenario:** A speaker confidently delivering a TED Talk with clear gestures and voice modulation.

- **Use in Non-Fiction (100 words):**

Effective leadership often hinges on the **articulation** of vision and strategy. When leaders clearly express goals and expectations, team alignment becomes smoother, reducing friction and increasing productivity. In contrast, poor **articulation** leads to misunderstandings, wasted effort, and low morale. Communication training, therefore, is essential for any professional aiming to lead or influence others.

- **Correct and Incorrect Usage:**

-  Her **articulation** of the proposal was flawless. (उसके प्रस्ताव की अभिव्यक्ति त्रुटिरहित थी।)
-  His **articulation** is running fast. (Incorrect usage; "articulation" isn't about speed but clarity.)

- **Example + Grammar Explanation:**

- Clear articulation of goals is essential for project success. (लक्ष्यों की स्पष्ट अभिव्यक्ति परियोजना की सफलता के लिए आवश्यक है।)
- **Grammar Breakdown:**
 - Subject: Clear articulation
 - Verb: is
 - Complement: essential for project success

- **Common Collocations:**

- Clear articulation, Articulation of ideas, Speech articulation, Thoughtful articulation

- **My Statement:**

- The thoughtful articulation of concepts reduces its complex drastically. ***
- The thoughtful articulation of concepts drastically reduces their complexity.
- I am exorbitantly impressed by the manner of articulation you possess. ***
- I am deeply impressed by the manner of articulation you possess.
- In an interview, having clear articulation in responses shows your competence. ***
- In an interview, clear articulation in your responses demonstrates your competence.

- **My Notes:** [Leave as Placeholder]
