Opines, Succumb, Perilous, Into it, Onto it

1. Opines (राय देता है / अभिप्राय व्यक्त करता है) (Verb) (oʊˈpaɪnz) (Neutral)

- **Meaning (English):** Expresses an opinion or viewpoint.
- **Meaning (Hindi):** अपनी राय या दृष्टिकोण व्यक्त करता है।
- **Origin Flowchart & Etymology:**
 - Latin *opinari* → **Middle French *opiner*** → English *opine*
- **Synonym + Antonym:**
 - **Synonym:** Suggests, States
 - **Antonym:** Withholds, Keeps silent
- **Connotation:** Neutral, formal or literary
- **Pictorial Scenario:** A reviewer opines on the quality of a new book.

- **Use in Non-Fiction (in 100 words):**

Academics, journalists, and professionals frequently opine in their articles, interviews, or reports. Opining allows sharing expertise, analysis, and perspective, adding value to public discourse. Readers or listeners rely on opinions to form judgments, make decisions, or gain insights. Opining can also establish authority and credibility in a

subject. In social discussions, opining respectfully fosters engagement and idea exchange. Knowing when and how to opine enhances communication effectiveness, ensuring that viewpoints are informative, relevant, and well-reasoned, avoiding impulsive or unsubstantiated statements.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

- **Correct:** She opines that the policy needs revision. (उसका मानना है कि नीति में सुधार की आवश्यकता है।)
- **Incorrect:** She opines loudly at the park. (वह पार्क में जोर से राय देती है।) (*misuse: literal loudness irrelevant to formal opining*)

- **Word Hack of the Day (in 50 words):**

- When asked for input, opine strategically. Offer concise, informed opinions rather than reacting impulsively. Positioning your opines thoughtfully establishes authority and influence. Avoid over-opining; quality over quantity ensures credibility and respect in discussions.

- **Example (English + Hindi Equivalent):**

- He opines that the new system will improve efficiency. (उसका मानना है कि नई प्रणाली दक्षता बढ़ाएगी।)
- **Grammar Breakdown:**
 - S (Subject): He
 - V (Verb – Transitive/Action): opines
 - O (Object/Complement): that the new system will improve efficiency
 - **(Adverbial Clause/Additional Info): — (None)**
 - ↳ S: the new system
 - ↳ V: will improve
 - ↳ O: efficiency

- **Common Collocations:**

- opine on, opine about, expert opines, strongly opines

- **My Statement:**

- The subject experts opine on the research paper during their review.
- He opines about the quality of the work after testing it thoroughly.
- The customer opines about the quality of sleep after changing their sleeping direction.

- **My Notes:** [Placeholder]

2. Succumb (समर्पण करना / हार मानना) (Verb) (sə'kʌm) (Negative)

- **Meaning (English):** To yield or give in to pressure, temptation, or illness.
- **Meaning (Hindi):** दबाव, प्रलोभन, या बीमारी के सामने झुक जाना।
- **Origin Flowchart & Etymology:**
 - Latin *succumbere* → **English succumb**
- **Synonym + Antonym:**
 - **Synonym:** Yield, Submit
 - **Antonym:** Resist, Overcome
- **Connotation:** Negative; often implies loss of control or defeat
- **Pictorial Scenario:** A climber succumbs to exhaustion near the summit.

- **Use in Non-Fiction (in 100 words):**

Succumbing occurs when external or internal forces overpower resistance. In medicine, patients may succumb to severe illnesses. In behavioral studies, individuals may succumb to peer pressure, temptation, or stress. Understanding susceptibility helps prevent undesired outcomes. Leaders, professionals, and individuals can develop resilience strategies to avoid succumbing to negative influences or pressures. Succumbing is natural under extreme circumstances but repeated instances may

indicate vulnerability or lack of preparation. Awareness, preparation, and support systems reduce the risk of succumbing, fostering personal growth, stability, and health.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

- **Correct:** He succumbed to the flu after a week. (वह एक सप्ताह के बाद फ्लू के सामने हार गया।)
- **Incorrect:** He succumbed the book to the shelf. (उसने किताब को शेल्फ के सामने हार दिया।) (*misuse: wrong object*)

- **Word Hack of the Day (in 50 words):**

- Notice moments when you feel pressure building. Pause and assess before succumbing. Develop resilience strategies, small wins, and coping mechanisms. Succumbing without awareness often leads to regret, but recognizing triggers and preparing alternatives empowers control over choices and outcomes.

- **Example (English + Hindi Equivalent):**

- She succumbed to temptation and ate the dessert. (उसने प्रलोभन के सामने हार मानते हुए मिठाई खा ली।)
- **Grammar Breakdown:**
 - S (Subject): She
 - V (Verb – Intransitive/Action): succumbed
 - O (Object/Complement): to temptation
 - **(Adverbial Clause/Additional Info): and ate the dessert**
 - ↳ S: She
 - ↳ V: ate
 - ↳ O: the dessert

- **Common Collocations:**

- succumb to disease, succumb to pressure, succumb to temptation

- **My Statement:**

- I succumbed to temptation after resisting for a week.
- The leaders of the country succumbed to pressure after fighting a war for years.
- As they were about to succumb to the disease, scientists developed a new vaccine.

- **My Notes:** [Placeholder]

3. Perilous (खतरनाक / जोखिम भरा) (Adjective) ('pɛrələs) (Negative)

- **Meaning (English):** Full of danger or risk.
- **Meaning (Hindi):** खतरे या जोखिम से भरा हुआ।
- **Origin Flowchart & Etymology:**
 - Latin *periculosus* → **English *perilous***
- **Synonym + Antonym:**
 - **Synonym:** Dangerous, Hazardous
 - **Antonym:** Safe, Secure
- **Connotation:** Strongly negative
- **Pictorial Scenario:** Crossing a rickety bridge over a deep canyon.

- **Use in Non-Fiction (in 100 words):**

Perilous situations arise in travel, exploration, and high-stakes decision-making. Understanding risks in perilous circumstances allows individuals to plan and mitigate dangers. Businesses navigate perilous market conditions through strategy and foresight. Socially, navigating perilous relationships or conflicts requires caution and wisdom. Literature and media frequently use perilous scenarios to heighten tension and drama. Recognizing perilous conditions and acting prudently reduces harm and enhances

survival. Risk assessment and preparation are essential skills to safely navigate perilous circumstances in professional, personal, and societal contexts.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

- **Correct:** The hikers faced a perilous journey through the mountains. (पर्वतारोहियों ने पहाड़ों में खतरनाक यात्रा का सामना किया।)
- **Incorrect:** He is perilous with his coffee. (वह अपनी कॉफी के साथ खतरनाक है।)
(*misuse: inappropriate context*)

- **Word Hack of the Day (in 50 words):**

- Identify perilous situations early. Prioritize risk assessment, contingency planning, and careful execution. Avoid unnecessary danger, and develop strategies to navigate unavoidable risks. Awareness plus action reduces exposure to peril and increases success in challenging circumstances.

- **Example (English + Hindi Equivalent):**

- The explorers embarked on a perilous expedition through the jungle. (खोजकर्ताओं ने जंगल में खतरनाक अभियान शुरू किया।)
- **Grammar Breakdown:**
 - S (Subject): The explorers
 - V (Verb – Transitive/Action): embarked
 - O (Object/Complement): on a perilous expedition
 - (Adverbial Clause/Additional Info): through the jungle

- **Common Collocations:**

- perilous journey, perilous situation, perilous path, perilous conditions

- **My Statement:**

- The highway from this place could not be completed because of its perilous path, which included hundreds of rivers, deep swamp lakes, and the risk of infectious diseases.
- You have to complete this perilous journey alone.
- Trained special troops do not get easily scared by perilous situations.

- **My Notes:** [Placeholder]

4. Into it (इसमें / किसी चीज़ में पूरी तरह लग जाना) (Phrase) (in'tu: it) (Neutral/Positive)

- **Meaning (English):** Fully engaged or involved in an activity.
- **Meaning (Hindi):** किसी गतिविधि या चीज़ में पूरी तरह से लगा हुआ।
- **Origin Flowchart & Etymology:**
 - Literal preposition + pronoun → **idiomatic usage**
- **Synonym + Antonym:**
 - **Synonym:** Engaged, Absorbed
 - **Antonym:** Distracted, Uninterested
- **Connotation:** Neutral to positive
- **Pictorial Scenario:** A child completely absorbed in painting.

- **Use in Non-Fiction (in 100 words):**

Being “into it” reflects focus and involvement, enhancing learning, productivity, or enjoyment. Teachers encourage students to be “into it” for effective engagement. Professionals deeply into their work often produce superior results. In hobbies or sports, being into it allows flow state, concentration, and skill development. Socially, being into a conversation or activity strengthens bonds and rapport. Encouraging people to get into it

fosters dedication and enthusiasm. Recognizing when someone is into it helps tailor support, maintain motivation, and balance effort with rest for sustained involvement.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

- **Correct:** She was really into it while painting. (चित्रकला करते समय वह पूरी तरह इसमें लगी हुई थी।)
- **Incorrect:** He is into it the book. (वह किताब में है।) (*misuse: improper grammar; missing preposition adjustment*)

- **Word Hack of the Day (in 50 words):**

- Focus on being fully into activities you care about. Immersion increases efficiency, learning, and enjoyment. Recognize distractions and eliminate them to remain into it. Depth of engagement often matters more than duration; quality focus yields better outcomes.

- **Example (English + Hindi Equivalent):**

- He was really into it during the chess match. (शतरंज के मैच के दौरान वह पूरी तरह इसमें लगा हुआ था)
- **Grammar Breakdown:**
 - S (Subject): He
 - V (Verb – Linking/State): was
 - O (Object/Complement): really into it
 - **(Adverbial Clause/Additional Info): during the chess match**
 - ↳ S: — (Linking verb connects subject to complement)

- **Common Collocations:**

- really into it, totally into it, get into it, get someone into it

- **My Statement:**

- Yes, now I am really into it.
- I want some new recruits who can really get into it.
- When I am reading a book, I am really into it.

- **My Notes:** [Placeholder]

5. Onto it (इसके बारे में / तत्पर / काम में लग जाना) (Phrase) ('ɒn tu: it) (Neutral/Positive)

- **Meaning (English):** Taking immediate action; aware and responsive to a task.
- **Meaning (Hindi):** तत्पर होकर किसी काम में लग जाना।
- **Origin Flowchart & Etymology:**
 - Literal preposition + pronoun → **idiomatic usage**
- **Synonym + Antonym:**
 - **Synonym:** On top of it, Proactive
 - **Antonym:** Negligent, Slow
- **Connotation:** Positive; shows readiness
- **Pictorial Scenario:** A manager quickly addressing client issues.

- **Use in Non-Fiction (in 100 words):**

Being onto it indicates alertness and proactive behavior. Professionals who are onto it anticipate issues and act swiftly, reducing risks and improving outcomes. Students onto their assignments finish early and prepare better. Socially, being onto it helps maintain responsibilities and responsiveness. Organizations thrive when teams are onto tasks and deadlines. Developing this habit enhances productivity, reputation, and reliability.

Awareness, readiness, and action orientation are core aspects of being onto it, showing initiative and competence in professional, academic, and personal spheres.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

- **Correct:** She is onto it and has fixed the problem. (वह तत्पर है और समस्या को हल कर चुकी है।)
- **Incorrect:** He is onto it the book. (वह किताब पर है।) (*misuse: literal preposition misapplied*)

- **Word Hack of the Day (in 50 words):**

- Stay alert and be onto it with your responsibilities. Proactivity reduces errors and enhances efficiency. Anticipate tasks, act swiftly, and maintain readiness. Being onto it turns reactive behavior into proactive management, building credibility, trust, and achievement.

- **Example (English + Hindi Equivalent):**

- He is onto it and completed the report early. (वह तत्पर है और रिपोर्ट जल्दी पूरी कर चुका है।)
- **Grammar Breakdown:**
 - S (Subject): He
 - V (Verb – Phrasal, Transitive/Intransitive): is onto it
 - O (Object): — (None; phrasal verb here acts as intransitive)
 - **(Adverbial Clause of Time/Result): and completed the report early**
 - ↳ S: He
 - ↳ V: completed
 - ↳ O: the report

- **Common Collocations:**

- onto it immediately, be onto it, get onto it, stay onto it

- **My Statement:**

- I need someone catching onto it immediately.
- Can you stay onto it until I come back later?
- After my final exams, I will be completely onto it.

- **My Notes:**

- **Onto vs on it**

- **When to use "onto":**

- "Onto" is used for movement to a surface/place (e.g., The cat jumped onto the table).

- **When to use "on it":**

- "On it" means handling, focusing on, or dealing with something.

- **The difference:**

- on it → doing the work.
 - onto it → realizing, catching, becoming aware.
