Poise, Stifles, Intricacies, Squander, Surreal

1. Poise (संतुलन) (Noun/Verb) (poyz) (Neutral-Positive)

- **Meaning (English):** Graceful and elegant bearing; composure under pressure
- **Meaning (Hindi):** आत्म-नियंत्रण या संतुलन, खासकर कठिन परिस्थितियों में
- **Origin Flowchart & Etymology:**
 - Latin "*pondus*" (weight) → Old French "*poise*" (balance, equilibrium) → Middle English "*poise*" (stability, grace)
- **Synonym + Antonym:**
 - **Synonyms:** composure, elegance, balance
 - **Antonyms:** agitation, awkwardness, instability
- **Connotation:** Positive in leadership and expression, neutral in description
- **Pictorial Scenario:** A ballerina standing on one toe in perfect balance amidst chaos

- **Use in Non-Fiction (100 words):**

In leadership literature, *poise* is often regarded as a vital trait that separates great leaders from average ones. Leaders with poise remain composed during crises, allowing them to think clearly and act rationally. In communication, poise helps speakers remain

calm and persuasive. A poised demeanor also enhances credibility. Whether on a battlefield or in a boardroom, individuals with poise exhibit an unshakeable calm, inspiring those around them to do the same.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

-  *She handled the criticism with poise.* (उसने आलोचना को संतुलन के साथ संभाला।)
-  *She poise the meeting with grace.* (Incorrect verb usage)

- **Example (English + Hindi Equivalent) + Detailed Low-Level Grammar:**

- *Despite the tension, he spoke with remarkable poise.* (तनाव के बावजूद, उसने अद्भुत संतुलन के साथ बात की।)
- **Grammar:**
 - "With remarkable poise" = prepositional phrase; "he spoke" = past simple verb structure.

- **Common Collocations:**

- maintain poise, with poise, poised under pressure

- **My Statement:**

- **(NOUN)**
 - Maintaining relationships with poise is an art, only a few know this art. ***
 - Maintaining relationships with poise is an art that only a few truly understand.
 - One would have to learn the art of poise to remain stable in his decisions. ***
 - One must learn the art of poise to remain stable in their decisions.
 - He is afraid after seeing how his competitor remains poise in any conditions. ***
 - He is afraid after seeing how his competitor remains poised in any condition.
- **(VERB)**
 - She poised a perfect balance between his career and family. ***
 - She managed to poise her life perfectly between career and family responsibilities.

- One must act accordingly to poise his life in perfect time. ***
- One must act accordingly to bring poise to their life at the right time.
- Only a few adapt to circumstances and know how to poise in any condition. ***
- Only a few adapt to circumstances and know how to remain poised in any condition.

2. Stifles (दम घोटना) (Verb) (sty-fuhls) (Negative)

- **Meaning (English):** To suppress or restrain forcibly
- **Meaning (Hindi):** किसी चीज़ को दबा देना या रोक देना, जैसे विचार या भावना
- **Origin Flowchart & Etymology:**
 - Old English "*stifelian*" (to choke or suffocate)
- **Synonym + Antonym:**
 - **Synonyms:** suppress, smother, restrain
 - **Antonyms:** express, release, liberate
- **Connotation:** Negative in emotional, societal, or creative contexts
- **Pictorial Scenario:** A student raising a hand to speak, but the teacher ignores them

- **Use in Non-Fiction (100 words):**

In authoritarian regimes, censorship often *stifles* freedom of expression. This suppression creates a culture of fear and hinders innovation. In corporate environments, a micromanaging boss may stifle creativity, preventing team members from contributing unique ideas. Emotional stifling is also detrimental in personal relationships, where feelings left unexpressed fester into resentment. Open dialogue is necessary in any context to avoid this dangerous form of emotional repression.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

-  *Fear stifles creativity.* (डर रचनात्मकता को दबा देता है।)
-  *He is stifles by rules.* (Wrong verb form)

- **Example (English + Hindi Equivalent) + Detailed Low-Level Grammar:**

- *The system stifles any dissenting voices.* (यह प्रणाली किसी भी असहमति को दबा देती है।)
- **Grammar:**
 - "Stifles" = present simple verb, subject "system" is third person singular

- **Common Collocations:**

- stifles creativity, stifles dissent, stifles innovation

- **My Statement:**

- The government stifled political pressures like a gangster. ***
- The government stifled political pressure with the ruthlessness of a gangster.
- Due to force, her dreams were stifled by her parents. ***
- Due to force, her dreams were stifled by her parents.
- If we try to stifle someone's dream, it asserts a negative connotation in this world.

- Stifling someone's dream carries a deeply negative connotation in today's world.

3. Intricacies (जटिलताएँ) (Noun, plural) (in-tri-kuh-seez) (Neutral-Positive)

- **Meaning (English):** Details or complexities of something, especially difficult to understand
- **Meaning (Hindi):** जटिलताएं, पेचीदगियाँ
- **Origin Flowchart & Etymology:**
 - Latin "*intricatus*" (entangled) → **Intricacy** (complexity, elaborateness)
- **Synonym + Antonym:**
 - **Synonyms:** complexities, details, subtleties
 - **Antonyms:** simplicities, plainness
- **Connotation:** Neutral to positive in academic or artistic use
- **Pictorial Scenario:** A watchmaker adjusting microscopic gears inside a watch

- **Use in Non-Fiction (100 words):**

Understanding the *intricacies* of international diplomacy is essential for policymakers. It involves not just treaties and negotiations but also cultural nuances and historical baggage. In technology, software developers deal with intricacies in code logic and architecture. Similarly, in the medical field, understanding the intricacies of human anatomy is crucial for surgery. The deeper one explores a field, the more intricacies unfold, which is why domain expertise is highly valued.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

-  *He explained the intricacies of the law with great clarity.* (उसने कानून की जटिलताओं को बहुत स्पष्टता से समझाया।)
-  *He explained the intricacy in details.* (Mismatch of singular/plural and redundancy)

- **Example (English + Hindi Equivalent) + Detailed Low-Level Grammar:**

- *The intricacies of the deal required days of negotiation.* (सौदे की जटिलताओं के लिए कई दिनों की बातचीत आवश्यक थी।)
- **Grammar:**
 - "Intricacies" = subject noun; "required" = past simple verb

- **Common Collocations:**

- legal intricacies, design intricacies, intricacies of culture

- **My Statement:**

- We don't need to know the intricacies of this project, the project manager will assign you the task specific to you. ***
- We don't need to know the intricacies of this project; the project manager will assign you tasks specific to your role.
- The more you try to understand the world, the more you will get lost in its intricacies.
- We should learn about the intricacies of this case to make better decisions in problem solving. ***
- We should learn the intricacies of this case to make better decisions while solving the problem.

- **My Notes:** [Leave as Placeholder]

4. Squander (बर्बाद करना) (Verb) (*skwon-der*) (Negative)

- **Meaning (English):** To waste (especially money, time, or opportunity) recklessly
- **Meaning (Hindi):** किसी संसाधन को लापरवाही से बर्बाद करना
- **Origin Flowchart & Etymology:**
 - Possibly Scandinavian origin → **16th-century English "*squandren*" (to scatter)**
- **Synonym + Antonym:**
 - **Synonyms:** waste, misuse, fritter away
 - **Antonyms:** save, conserve, utilize wisely
- **Connotation:** Strongly negative
- **Pictorial Scenario:** A person throwing currency notes into the wind

- **Use in Non-Fiction (100 words):**

Governments often *squander* resources on short-term populist schemes rather than investing in long-term infrastructure. On an individual level, people may squander time on social media instead of using it productively. In business, poor financial planning can lead to squandering investor capital. This term is frequently used in economic analysis to highlight mismanagement and opportunity cost.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

-  *He squandered his inheritance on luxury cars.* (उसने अपनी विरासत को महंगी कारों पर बर्बाद कर दिया।)
-  *He was squander with money.* (Incorrect verb form and structure)

- **Example (English + Hindi Equivalent) + Detailed Low-Level Grammar:**

- *Don't squander this opportunity.* (इस मौके को बर्बाद मत करो।)
- **Grammar:**
 - Imperative sentence, direct verb usage.

- **Common Collocations:**

- squander time, squander resources, squander an opportunity

- **My Statement:**

- When we had a lot of resources, we squandered them like flowing water. ***
- When we had a lot of resources, we squandered them like flowing water.
- Having better management lets us avoid squandering our resources. ***
- Better management helps us avoid squandering our resources.
- We need to acknowledge that squandering time on social media is common among youth these days. ***
- We need to acknowledge that squandering time on social media is common among youth these days.

- **My Notes:** [Leave as Placeholder]

5. Surreal (अवास्तविक) (*Adjective*) (*suh-ree-uhl*) (*Neutral-Positive*)

- **Meaning (English):** Bizarre or dream-like, beyond reality
- **Meaning (Hindi):** स्वप्न जैसा या अवास्तविक
- **Origin Flowchart & Etymology:**
 - French *surréalisme* ("beyond realism") → **coined by Guillaume Apollinaire**
- **Synonym + Antonym:**
 - **Synonyms:** dreamlike, strange, fantastic
 - **Antonyms:** realistic, mundane, ordinary
- **Connotation:** Often positive or mysterious
- **Pictorial Scenario:** A person floating above a city in a dream-like state

- **Use in Non-Fiction (100 words):**

The *surreal* nature of modern virtual reality tools has blurred the line between perception and reality. In journalism, events like the 9/11 attacks were often described as surreal due to their overwhelming emotional impact and seeming detachment from reality. Artists and authors have long embraced surrealism to express deeper psychological truths and challenge conventional narratives.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

-  *The experience of winning felt surreal.* (जीतने का अनुभव अवास्तविक लगा।)
-  *That was a surrealism moment.* (Wrong form of the word)

- **Example (English + Hindi Equivalent) + Detailed Low-Level Grammar:**

- *It was a surreal moment when I stood on the TEDx stage.* (जब मैं TEDx मंच पर खड़ा हुआ तो वह एक अवास्तविक क्षण था।)
- **Grammar:**
 - "Surreal moment" = noun phrase; "was" = linking verb

- **Common Collocations:**

- surreal experience, surreal landscape, surreal feeling

- **My Statement:**

- The surreal moment in our life taught us unique aspects of life. ***
- The surreal moment in our lives taught us unique aspects of life.
- We cannot ignore how the surreal personality of people while they are unconscious damages their reputation. ***
- We cannot ignore how the surreal behavior of people while they are unconscious can damage their reputation.
- I was floating in a surreal ocean in my dreams, where the ocean sometimes felt like sand in which I was sinking. ***
- I was floating in a surreal ocean in my dreams, where the water sometimes felt like sand, and I was sinking into it.

- **My Notes:** [Leave as Placeholder]
