Splurging, Marred, Shoddy, Unrest, Maverick

## 1. Splurging (अपव्यय करना / फ़िज़ूलखर्ची करना) (Verb – Continuous Form) (splur-jing) (Casual/Informal Tone)

- **Meaning (English):** Spending money freely or extravagantly, often in a careless or indulgent way.
- **Meaning (Hindi):** पैसे को दिखावे या विलासिता में बर्बाद करना।
- **Origin Flowchart & Etymology:**
  - Middle English → “splurge” (19th century, American English slang, “to show off”) → verb form “splurging.”
- **Synonym + Antonym:**
  - **Synonyms:** squandering, frittering, dissipating
  - **Antonyms:** saving, conserving, economizing
- **Connotation:** Slightly negative → implies waste, but can be positive in self-care/celebration contexts.
- **Pictorial Scenario:** A young professional gets a bonus and splurges on branded shoes and luxury dining instead of saving.

- **Use in Non-Fiction (100 words):**

Splurging has become an increasingly visible phenomenon in consumer societies, particularly in the digital age. With instant gratification facilitated by online marketplaces and credit systems, individuals find it easier than ever to indulge in impulsive spending. While splurging can momentarily provide a sense of joy or accomplishment, it often carries long-term consequences such as financial strain and reduced savings. Economists argue that splurging behaviors reflect both cultural values and psychological triggers. Recognizing the difference between mindful investment and thoughtless splurging is essential for building financial stability, especially among young professionals navigating consumer-driven lifestyles.

- **Correct and Incorrect Usage:**

- ✓ **Correct:** *She is splurging on designer handbags this month.* (वह इस महीने डिजाइनर हैंडबैग पर फिजूलखर्ची कर रही है।)
- ✗ **Incorrect:** *She splurging on handbag.* (Missing auxiliary verb “is” + incorrect article use)

- **Word Hack of the Day (50 words):**

- Control splurging by setting mindful boundaries on spending. Before each purchase, pause and ask whether it aligns with your long-term goals or is just an impulse. Track expenses to spot patterns. Redirect excess spending into savings or investments to create security and purposeful growth rather than regret.

- **Example + Grammar Breakdown:**

- *He regrets splurging on unnecessary gadgets during the holiday sale.* (वह छुट्टियों की बिक्री के दौरान अनावश्यक गैजेट्स पर पैसा फ्रंकने पर पछताता है।)
- **Grammar Breakdown:**
  - S (Subject): He
  - V (Verb – Transitive): regrets
  - O (Object): splurging on unnecessary gadgets during the holiday sale
    - ↳ V (Gerund as Object Head): splurging
    - ↳ O (Object of Gerund): unnecessary gadgets
    - + (Adverbial Phrase of Time): during the holiday sale

- **Common Collocations:**

- splurging on clothes, splurging spree, splurging habits

- **My Statement:**

- Stop splurging money on unnecessary items and start saving and investing for the future.
- He was on a splurging spree after working tirelessly for months.
- She loves splurging on clothes, which gives her immense pleasure.

- **My Notes:** [Leave as Placeholder]

## 2. Marred (बिगड़ा हुआ / क्षतिग्रस्त) (Adjective / Verb – Past Form & Past Participle) (mahrd) (Formal/Serious Tone)

- **Meaning (English):** Damaged, spoiled, or impaired in appearance or quality.
- **Meaning (Hindi):** किसी चीज़ को बिगाड़ देना, खराब करना।
- **Origin Flowchart & Etymology:**
  - Old English “merran” (to obstruct, hinder) → **Middle English “mar”** → past participle “marred.”
- **Synonym + Antonym:**
  - **Synonyms:** spoiled, blemished, ruined, tainted
  - **Antonyms:** perfect, unspoiled, pristine
- **Connotation:** Negative → often used for damage that lessens value, beauty, or dignity.
- **Pictorial Scenario:** A wedding day marred by unexpected rain and poor event management.

- **Use in Non-Fiction (100 words):**

History is often marred by incidents of violence and conflict that overshadow achievements. Even the most prosperous civilizations have faced moments where corruption, natural disasters, or wars marred their progress. Recognizing these blemishes is essential for understanding the complexity of human development. In

literature, the word “marred” is often used metaphorically to highlight not just physical imperfections but also emotional or moral shortcomings. By acknowledging what has been marred, societies and individuals alike can work toward repair, healing, or reinvention, making the process of restoration as valuable as the original state itself.

- **Correct and Incorrect Usage:**

- ✓ **Correct:** *His reputation was marred by the scandal.* (उसकी प्रतिष्ठा घोटाले से बिगड़ गई।)
- ✗ **Incorrect:** *His reputation marred by scandal.* (Missing auxiliary “was.”)

- **Word Hack of the Day (50 words):**

- Don't let small setbacks leave your progress marred. Instead of focusing on flaws or failures, treat them as stepping stones. Reframe mistakes into lessons, repair what can be fixed, and move forward with resilience. A marred moment doesn't define the whole journey—your consistency and recovery do.

- **Example + Grammar Breakdown:**

- *The beautiful painting was marred by a deep scratch.* (सुंदर चित्र एक गहरे खरोंच से बिगड़ गया।)
- **Grammar Breakdown:**
  - S (Subject): The beautiful painting
  - V (Verb – Passive): was marred
  - O (Object / Agent of Action – by-phrase): by a deep scratch

- **Common Collocations:**

- marred by violence, marred reputation, marred beauty

- **My Statement:**

- **(ADJECTIVE)**
  - The marred reputation of the organization made it least favorable for investment.
  - He can handle any marred equipment and make it work in very little time.
  - Her marred beauty always upset her.
- **(VERB)**
  - He marred the contract by violating the rules in front of the authorities.
  - You should not mar your relationship at this point in life.

- How did you mar my phone when I gave it to you in almost perfect condition?

- **My Notes:** [Leave as Placeholder]

### 3. Shoddy (घटिया / निकृष्ट) (Adjective) (shod-ee) (Negative/Disparaging Tone)

- **Meaning (English):** Poor in quality, badly made, or dishonest in standards.
- **Meaning (Hindi):** घटिया गुणवत्ता या खराब ढंग से बना हुआ।
- **Origin Flowchart & Etymology:**
  - 19th century English → “**shoddy**” = **cloth made from recycled wool (inferior quality)** → metaphorical use for anything poor-quality.
- **Synonym + Antonym:**
  - **Synonyms:** inferior, substandard, careless, flimsy
  - **Antonyms:** premium, durable, excellent, first-rate
- **Connotation:** Negative → implies cheapness, lack of integrity, or dishonesty.
- **Pictorial Scenario:** Online buyers receiving shoddy products that look nothing like the glossy advertisements.

- **Use in Non-Fiction (100 words):**

Shoddy practices in manufacturing have far-reaching consequences. Beyond consumer dissatisfaction, they damage brand reputation and trust. In the global economy, regulators are increasingly alert to shoddy business ethics, such as false advertising or cutting corners in production. For students of management, the term “shoddy” is a

reminder that short-term profits cannot justify long-term losses in credibility. From fashion to construction, choosing quality over shoddy alternatives may involve higher initial investment but saves resources and enhances reliability over time. Thus, avoiding shoddy work is not merely an ethical responsibility but also a practical necessity.

- **Correct and Incorrect Usage:**

- ✓ **Correct:** *The building collapsed due to shoddy construction work.* (इमारत घटिया निर्माण कार्य के कारण गिर गई।)
- ✗ **Incorrect:** *He shoddy work on the project.* (Missing verb “did.”)

- **Word Hack of the Day (50 words):**

- Avoid shoddy work by committing to quality in every task. Cutting corners may save time now but will cost credibility later. Focus on precision, effort, and integrity. Whether in writing, building, or relationships, invest in craftsmanship. Excellence compounds; shoddy shortcuts erode trust and create long-term inefficiencies.

- **Example + Grammar Breakdown:**

- *The manager was criticized for approving shoddy designs.* (प्रबंधक की घटिया डिज़ाइनों को मंजूरी देने के लिए आलोचना की गई।)
- **Grammar Breakdown:**
  - S (Subject): The manager
  - V (Verb – Passive): was criticized
  - O (Object / Reason – for-phrase): for approving shoddy designs
    - ↳ V (Gerund as Object Head): approving
    - ↳ O (Object of Gerund): shoddy designs

- **Common Collocations:**

- shoddy goods, shoddy excuses, shoddy construction

- **My Statement:**

- Even after paying a good price, we received shoddy goods during transit.
- I am fed up with hearing your shoddy excuses again and again.
- We cannot buy the property because of its shoddy construction.

- **My Notes:** [Leave as Placeholder]

#### 4. Unrest (अशांति / अशान्ति) (Noun) (uhn-rest) (Serious/Formal Tone)

- **Meaning (English):** A state of dissatisfaction, disturbance, or turmoil, especially within a community or society.
- **Meaning (Hindi):** अशांति या असंतोष की स्थिति।
- **Origin Flowchart & Etymology:**
  - Old English “rest” (peace, repose) + prefix “un-” (not) → “**unrest**” = **absence of rest, peace, or stability.**
- **Synonym + Antonym:**
  - **Synonyms:** turmoil, agitation, discontent, rebellion
  - **Antonyms:** harmony, calm, order, stability
- **Connotation:** Negative → usually linked with political or social instability.
- **Pictorial Scenario:** Mass protests and demonstrations create unrest in the capital city.

- **Use in Non-Fiction (100 words):**

Unrest is one of the most telling signs of systemic dissatisfaction. Whether political, economic, or social, unrest arises when institutions fail to address grievances. In recent years, global media has been filled with reports of unrest, often magnified by social media platforms that amplify discontent. For researchers, unrest is both a symptom and a cause: it reflects deep-rooted inequalities while also fueling changes that reshape

governance and law. Understanding unrest requires multidisciplinary approaches, involving sociology, political science, and psychology. Though it signals instability, unrest often serves as a catalyst for reform and progress.

- **Correct and Incorrect Usage:**

- ✓ **Correct:** *The region has been facing civil unrest for months.* (यह क्षेत्र महीनों से नागरिक अशांति झेल रहा है।)
- ✗ **Incorrect:** *The unrests are increasing.* (Unrest is uncountable, cannot take plural "s.")

- **Word Hack of the Day (50 words):**

- When unrest brews within you—whether emotional, mental, or social—pause before reacting. Unrest signals imbalance, not defeat. Channel it into reflection, strategy, or constructive dialogue. Instead of letting chaos rule, use unrest as a compass to identify weak points in systems or habits and transform disruption into meaningful progress.

- **Example + Grammar Breakdown:**

- *The sudden policy changes sparked unrest among the workers.* (अचानक हुए नीतिगत बदलावों ने कर्मचारियों में अशांति को जन्म दिया।)
- **Grammar Breakdown:**
  - S (Subject): The sudden policy changes
  - V (Verb – Transitive): sparked
  - O (Object): unrest among the workers
    - ↳ O (Head Noun): unrest
    - ↳ + (Prepositional Phrase / Modifier): among the workers

- **Common Collocations:**

- political unrest, social unrest, Unrest among youth

- **My Statement:**

- The unrest among the youth led to the downfall of the present government.
- During a phase of social unrest, businesses cannot thrive as expected.
- The political unrest worsened the situation in the country.

- **My Notes:** [Leave as Placeholder]

## 5. Maverick (विद्रोही / स्वतंत्र विचारों वाला) (Noun / Adjective) (mav-rik) (Neutral to Positive Tone – Independent/Unconventional)

- **Meaning (English):** An independent thinker who does not conform to traditional rules; unconventional or rebellious.
- **Meaning (Hindi):** ऐसा व्यक्ति जो परंपरागत नियमों का पालन नहीं करता; स्वतंत्र विचारक।
- **Origin Flowchart & Etymology:**
  - From Samuel Maverick (1803–1870), a Texas rancher who refused to brand his cattle → “**unbranded, independent**” → figurative sense of nonconformist.
- **Synonym + Antonym:**
  - **Synonyms:** nonconformist, rebel, free spirit, iconoclast
  - **Antonyms:** conformist, follower, traditionalist
- **Connotation:** Positive when linked to innovation, negative when seen as reckless.
- **Pictorial Scenario:** A tech entrepreneur disrupting an industry with bold, unconventional ideas.

- **Use in Non-Fiction (100 words):**

Mavericks play a vital role in reshaping societies and industries. By refusing to follow conventional patterns, they often generate breakthroughs in science, art, and business. However, being a maverick is not without risks. Nonconformity can bring isolation,

criticism, and resistance. Still, history celebrates mavericks such as inventors, reformers, and thinkers who challenged orthodoxy. Their legacy proves that progress often requires dissenting voices. In leadership studies, the term maverick is used to describe individuals who take unconventional approaches, disrupt established hierarchies, and inspire transformation. Mavericks are, in essence, the catalysts of change.

- **Correct and Incorrect Usage:**

- ✓ **Correct:** *Steve Jobs was often described as a maverick in technology.* (स्टीव जॉब्स को तकनीक में अक्सर एक विद्रोही/स्वतंत्र विचारधारा वाला कहा जाता था।)
- ✗ **Incorrect:** *He is a maverick person in studies.* (Awkward phrasing; better: "He is a maverick in studies.")

- **Word Hack of the Day (50 words):**

- Being a maverick means daring to think differently, but don't confuse rebellion with recklessness. Channel your independence into purposeful action—challenge norms when they limit growth, innovate where others hesitate, and stand firm on values. True mavericks balance courage with wisdom, turning bold individuality into lasting impact rather than fleeting defiance.

- **Example + Grammar Breakdown:**

- *The professor was considered a maverick for challenging traditional teaching methods.* (प्रोफेसर को पारंपरिक शिक्षण विधियों को चुनौती देने के लिए एक स्वतंत्र विचारक माना जाता था।)
- **Grammar Breakdown:**
  - S (Subject): The professor
  - V (Verb – Passive): was considered
  - O (Object / Complement): a maverick
  - ↳ + (Reason / Prepositional Phrase): for challenging traditional teaching methods
  - ↳ V (Gerund as Object Head): challenging
  - ↳ O (Object of Gerund): traditional teaching methods

- **Common Collocations:**

- political maverick, maverick entrepreneur, maverick scientist

- **My Statement:**

- **(NOUN)**
  - In every part of the world, we can find several mavericks who fight against injustice.

- A true maverick never conforms to a system that tries to stifle dissenting voices.
- They have appointed a maverick to work for them against systems that are not in their favor.
- **(ADJECTIVE)**
  - The maverick politicians fought for the rights of the people of the nation.
  - The maverick entrepreneur worked on his innovative ideas despite facing severe criticism.
  - They were looking for a maverick scientist to work with them.
- **My Notes:** [Leave as Placeholder]
