Fiscal, Decimated, Impeachment, Precedent, Blatant

1 Fiscal (राजकोषीय / वित्तीय) (Adjective) (fis-cal) (Formal / Economic)

- **Meaning (English):** Relating to government revenue, taxation, and public finances.
- **Meaning (Hindi):** सरकारी आय, कराधान और वित्त से संबंधित।
- **Origin Flowchart & Etymology:**
 - Latin *fiscus* (treasury) → **French influence** → English → **Fiscal**
- **Synonym + Antonym:**
 - **Synonyms:** financial, budgetary, economic
 - **Antonyms:** non-financial, private (contextual)
- **Connotation:** Neutral / formal
- **Pictorial Scenario:** Government officials discussing national budget plans.

- **Use in Non-Fiction (100 words):**

Fiscal policies play a crucial role in shaping a country's economic stability and growth. Governments use fiscal measures such as taxation and public spending to regulate economic activity, control inflation, and promote development. Effective fiscal management ensures that resources are allocated efficiently while maintaining

budgetary discipline. In times of economic slowdown, expansionary fiscal policies may be implemented to stimulate demand, whereas contractionary measures may be used to curb inflation. Fiscal responsibility is essential for maintaining investor confidence and ensuring long-term sustainability. Poor fiscal decisions can lead to deficits, debt accumulation, and economic instability.

- **Correct and Incorrect Usage:**

- ✓ The government introduced new **fiscal policies**. (सरकार ने नई **वित्तीय नीतियाँ** लागू कीं।)
- ✓ Fiscal discipline is essential for economic stability. (आर्थिक स्थिरता के लिए **वित्तीय अनुशासन** आवश्यक है।)
- ✓ The fiscal deficit has increased this year. (इस वर्ष **राजकोषीय घाटा** बढ़ गया है।)
- ✗ He fiscal the report. (✗ “Fiscal” is an **adjective**, not a verb.)

- **Word Hack of the Day (in 50 words):**

- Adopt a fiscal mindset in your daily life—track your expenses, evaluate where your resources go, and cut unnecessary spending. Just like governments manage budgets, managing your personal finances with discipline helps you stay stable, avoid waste, and allocate resources effectively toward meaningful and long-term goals.

- **Common Collocations**

- fiscal policy, fiscal deficit, fiscal responsibility, fiscal year

- **My Statement:**

- The fiscal year budget was announced in the budget session.
- The government undertook fiscal planning and management with the help of the regulatory authority.
- Fiscal stability is a good indicator of strong financial standards.

- **My Notes:** [Placeholder]

2 Decimated (विनष्ट / भारी नुकसान पहुंचाया) (Verb – past / adj) (dec-i-mat-ed) (Negative / Intense)

- **Meaning (English):** To destroy a large portion of something.
- **Meaning (Hindi):** किसी चीज़ का बड़ा हिस्सा नष्ट करना।
- **Origin Flowchart & Etymology:**
 - Latin *decimare* (remove one-tenth) → **Military punishment** → Modern meaning: large destruction → **Decimated**
- **Synonym + Antonym:**
 - **Synonyms:** destroyed, devastated
 - **Antonyms:** preserved, protected
- **Connotation:** Strongly negative
- **Pictorial Scenario:** A forest destroyed after a wildfire.

● **Use in Non-Fiction (100 words):**

The term decimated is often used to describe large-scale destruction caused by natural disasters, wars, or economic crises. While historically it referred to the reduction of one-tenth of a population, its modern usage implies severe damage or loss. Industries can be decimated by technological disruptions, while ecosystems may be decimated by environmental degradation. Understanding the causes of such destruction is essential

for prevention and recovery. Governments and organizations must implement strategies to mitigate risks and rebuild affected areas. The impact of decimation often extends beyond immediate loss, affecting long-term sustainability and resilience.

- **Correct and Incorrect Usage:**

- ✓ The storm **decimated the coastal region**. (तूफान ने तटीय क्षेत्र को नष्ट कर दिया।)
- ✓ The industry was **decimated by economic downturns**. (उद्योग आर्थिक मंदी से बर्बाद हो गया।)
- ✓ Wildlife populations were **decimated due to deforestation**. (वन्यजीवों की संख्या घट गई।)
- ✗ He decimated a small mistake. (✗ “Decimated” implies **large-scale destruction**, not minor issues.)

- **Word Hack of the Day (in 50 words):**

- Identify areas in your life that are being decimated by neglect—whether it’s health, focus, or time management. Take immediate corrective steps before the damage becomes irreversible. Preventing gradual destruction is easier than rebuilding from loss, so protect what matters through consistent attention and disciplined habits.

- **Common Collocations**

- decimated population, decimated industry, decimated region

- **My Statement:**

- The nuclear explosion decimated local wildlife as well as human populations.
- The storm decimated a coastal town within minutes.
- How can you decimate such a beautiful country?

- **My Notes:** [Placeholder]

3 Impeachment (महाभियोग) (Noun) (im-peach-ment) (Legal / Political)

- **Meaning (English):** A formal process of charging a public official with misconduct.
- **Meaning (Hindi):** किसी सार्वजनिक अधिकारी पर औपचारिक आरोप लगाने की प्रक्रिया।
- **Origin Flowchart & Etymology:**
 - Old French *empecher* (to hinder) → **Legal evolution** → English → **Impeachment**
- **Synonym + Antonym:**
 - **Synonyms:** charge, accusation
 - **Antonyms:** acquittal, exoneration
- **Connotation:** Serious / formal
- **Pictorial Scenario:** Parliament discussing charges against a leader.

- **Use in Non-Fiction (100 words):**

Impeachment is a constitutional mechanism designed to hold public officials accountable for misconduct or abuse of power. It serves as a critical check within democratic systems, ensuring that leaders operate within legal and ethical boundaries. The process typically involves formal charges followed by investigation and trial. While impeachment does not necessarily result in removal from office, it initiates a procedure that may lead to significant consequences. The use of impeachment reflects the strength of

institutional frameworks in maintaining governance standards. However, its misuse for political purposes can undermine public trust and destabilize governance structures.

- **Correct and Incorrect Usage:**

- ✓ The president faced **impeachment proceedings**. (राष्ट्रपति पर **महाभियोग** चलाया गया।)
- ✓ The parliament initiated **impeachment**. (संसद ने **महाभियोग** शुरू किया।)
- ✓ He was removed after **impeachment**. (उसे **महाभियोग** के बाद हटाया गया।)
- ✗ He impeachment the leader. (✗ “Impeachment” is a **noun**, not a verb.)

- **Word Hack of the Day (in 50 words):**

- Apply a personal form of impeachment to your habits—regularly review actions that violate your goals or values. Hold yourself accountable, identify where you’ve gone off track, and correct those patterns. This self-check system helps maintain discipline, ensures integrity, and keeps your decisions aligned with long-term objectives.

- **Common Collocations**

- impeachment proceedings, impeachment trial, face impeachment, initiate impeachment

- **My Statement:**

- The impeachment proceedings ran for over a year with no significant outcome.
- The impeachment process was introduced to ensure accountability in the system of governance.
- The Speaker of Parliament underwent impeachment after allegations of bias.

- **My Notes:** [Placeholder]

4 Precedent (मिसाल / उदाहरण) (Noun) (prec-e-dent) (Formal / Legal)

- **Meaning (English):** An earlier event used as a guide for future decisions.
- **Meaning (Hindi):** भविष्य के निर्णयों के लिए उदाहरण।
- **Origin Flowchart & Etymology:**
 - Latin *praecedere* (to go before) → **French** → English → **Precedent**
- **Synonym + Antonym:**
 - **Synonyms:** example, model
 - **Antonyms:** anomaly, deviation
- **Connotation:** Neutral (context-dependent)
- **Pictorial Scenario:** A judge referring to past cases in court.

- **Use in Non-Fiction (100 words):**

Precedents play a crucial role in legal and institutional decision-making by providing a reference point for future actions. In judicial systems, courts rely on precedents to ensure consistency and fairness in rulings. Beyond law, precedents influence policies, business strategies, and organizational practices. Establishing a precedent can shape long-term behavior and expectations within a system. However, blindly following precedents without considering changing circumstances may lead to outdated decisions.

Therefore, while precedents provide valuable guidance, they must be evaluated critically to ensure relevance and effectiveness in evolving contexts.

- **Correct and Incorrect Usage:**

- ✓ This case set a legal **precedent**. (इस मामले ने एक **मिसाल** स्थापित की।)
- ✓ The decision follows an earlier **precedent**. (निर्णय पहले की **मिसाल** का पालन करता है।)
- ✓ We must not create a bad **precedent**. (हमें खराब **मिसाल** नहीं बनानी चाहिए।)
- ✗ He precedent the decision. (✗ "Precedent" is a **noun**, not a verb.)

- **Word Hack of the Day (in 50 words):**

- Be mindful of the precedents you set through your daily actions. Small decisions today shape expectations for tomorrow. Whether in habits, work, or relationships, setting strong precedents builds consistency and trust, while poor ones can create patterns that are difficult to change later. Choose wisely.

- **Common Collocations**

- set a precedent, legal precedent, follow precedent, dangerous precedent

- **My Statement:**

- His present decisions will set a precedent for future decisions.
- The court relied on an earlier precedent to deliver the verdict in a similar case.
- We will examine the precedent carefully before applying it to present circumstances.

- **My Notes:** [Placeholder]

5 Blatant (स्पष्ट / खुला हुआ) (Adjective) (bla-tant) (Negative)

- **Meaning (English):** Very obvious, often offensively so.
- **Meaning (Hindi):** बहुत स्पष्ट और अक्सर आपत्तिजनक।
- **Origin Flowchart & Etymology:**
 - Coined in literature (Spenser) → **Adopted into English** → Blatant
- **Synonym + Antonym:**
 - **Synonyms:** obvious, glaring
 - **Antonyms:** subtle, hidden
- **Connotation:** Negative
- **Pictorial Scenario:** Someone openly violating rules in public.

- **Use in Non-Fiction (100 words):**

Blatant actions are those that are openly obvious and often disregard norms or rules. In social and professional contexts, blatant violations of policies can lead to serious consequences. For example, blatant corruption or discrimination undermines trust and damages institutional credibility. The term is often used to emphasize the severity and visibility of wrongdoing. Unlike subtle issues, blatant problems are easily identifiable and demand immediate attention. Addressing such actions requires strong enforcement

mechanisms and accountability measures. Recognizing blatant behavior helps organizations maintain ethical standards and ensure fairness in operations.

- **Correct and Incorrect Usage:**

- ✓ It was a **blatant violation** of rules. (यह नियमों का स्पष्ट उल्लंघन था।)
- ✓ The error was **blatant and unacceptable**. (त्रुटि स्पष्ट और अस्वीकार्य थी।)
- ✓ He made a **blatant mistake**. (उसने एक स्पष्ट गलती की।)
- ✗ He blatanted the rule. (✗ “Blatant” is an **adjective**, not a verb.)

- **Word Hack of the Day (in 50 words):**

- Pay attention to blatant issues in your routine—problems that are obvious but often ignored. Instead of overlooking them, address them directly and promptly. Tackling clear inefficiencies or mistakes early prevents larger complications later and improves overall effectiveness in both personal and professional life.

- **Common Collocations**

- blatant violation, blatant mistake, blatant disregard, blatant error

- **My Statement:**

- How can you ignore blatant misuse of power in the judiciary?
- He is committing blatant mistakes repeatedly.
- I am not here to listen to such blatant lies. Either you speak the truth, or we know how to respond.

- **My Notes:** [Placeholder]
