Delight, Deride, Stoic

Delight (आनंद) (Noun/Verb) (di'laɪt) (Positive Tone)

- **Meaning of word (English):** A feeling of great pleasure or happiness; to give someone great pleasure.
- **Meaning of word (Hindi):** अत्यधिक आनंद या खुशी महसूस करना; किसी को बहुत खुशी देना।
- **Root word:** Derived from Old French *delitier* (to please) and Latin *delectare* (to charm).
- **Synonym:** Joy, Pleasure, Happiness, Enjoyment
- **Antonym:** Displeasure, Misery, Sadness
- **Connotation:** Positive

Use in Non-Fiction (300 words max.):

Delight plays a crucial role in motivation and human interactions. Studies show that people perform better in environments that bring them delight. Whether in learning, relationships, or work, moments of delight enhance engagement and creativity. Companies focus on customer delight to ensure loyalty, while artists aim to bring delight to audiences through their work.

Correct and Incorrect Usage (English + Hindi Equivalent):

✓ **Correct:** The children screamed in delight upon seeing the fireworks. (बच्चे आतिशबाजी देखकर आनंद से चिल्लाए।)

✗ **Incorrect:** His delight decision improved the company's sales. (उसका आनंद निर्णय ने कंपनी की बिक्री बढ़ा दी।) [Incorrect, as 'delight' is not an adjective modifying 'decision'.]

Example (English + Hindi Equivalent):

- The scenic beauty of the mountains filled her heart with delight. (पहाड़ों की सुरम्यता ने उसके दिल को आनंद से भर दिया।)

Detailed Low-Level Grammatical Structure Explanation of the Example:

- *The scenic beauty* (Definite Article + Adjective + Noun, Subject)
- *of the mountains* (Prepositional Phrase, Noun Modifier)
- *filled* (Verb, Past Tense)
- *her heart* (Noun, Direct Object)
- *with delight* (Prepositional Phrase, Adverbial Modifier)

My Statement:

- (NOUN)
 - What a delight to meet you again.
 - Leading life with delight is not that hard, we just need to work on different aspects of our life. ***
 - Leading a life with delight is not that hard; we just need to work on different aspects of it.
 - The food gave me a delight that made my day. ***
 - The food brought me such delight that it made my day.
- (VERB)
 - I am delighted to have you here.
 - We are delighted to have such great scientists in our country. ***
 - We are delighted to have so many great scientists in our country.
 - I am delighted to stay in your country till the end of my career. ***
 - I am delighted to stay in your country until the end of my career.

Deride (उपहास करना) (Verb) (di'raid) (Negative Tone)

- **Meaning of word (English):** To ridicule or mock someone in a contemptuous manner.
- **Meaning of word (Hindi):** किसी का उपहास उड़ाना या तिरस्कारपूर्ण तरीके से मज़ाक बनाना।
- **Root word:** Derived from Latin *deridere* (to mock), from *de-* (down) + *ridere* (to laugh).
- **Synonym:** Mock, Ridicule, Scorn, Disparage
- **Antonym:** Praise, Compliment, Respect
- **Connotation:** Negative

Use in Non-Fiction (300 words max.):

Derision is commonly used in political debates, media, and social discussions. While satire can be a form of constructive criticism, excessive derision often leads to hostility. Historically, great innovators faced derision before their ideas gained acceptance. The ability to handle derision with grace determines one's resilience.

Correct and Incorrect Usage (English + Hindi Equivalent):

✅ **Correct:** The critics derided the artist's unconventional style. (आलोचकों ने कलाकार की असामान्य शैली का उपहास उड़ाया।)

❌ **Incorrect:** The professor's deride speech motivated students. (प्रोफेसर का उपहास भाषण ने छात्रों को प्रेरित किया।) [Incorrect, as 'deride' is not a noun modifying 'speech'.]

Example (English + Hindi Equivalent):

- Many scientists were derided before their theories were accepted. (कई वैज्ञानिकों का उपहास उड़ाया गया था, इससे पहले कि उनकी सिद्धांतों को स्वीकार किया जाता।)

Detailed Low-Level Grammatical Structure Explanation of the Example:

- Many scientists* (Adjective + Noun, Subject)
- were derided* (Verb, Past Passive Voice)
- before their theories were accepted* (Subordinate Clause, Time Modifier)

My Statement:

- The students derided the teachers' joke. ***
- The students derided the teacher's joke.
- Our tendency to deride someone can lead to unexpected consequences. ***
- Our tendency to deride someone can lead to unexpected consequences.
- It is not good to deride someone because of their looks. ***
- It is not good to deride someone for their looks.

Stoic (संयमी) (Adjective/Noun) (' stoʊ.ɪk) (Neutral Tone)

- **Meaning of word (English):** Showing little or no emotion in response to pleasure or pain; a person who endures hardship without complaint.
- **Meaning of word (Hindi):** सुख-दुःख में समान भाव रखने वाला; कठिनाइयों को बिना शिकायत सहन करने वाला व्यक्ति।
- **Root word:** Derived from Greek *Stoa* (a porch in Athens where Stoic philosophers taught).
- **Synonym:** Unemotional, Resilient, Impassive, Calm
- **Antonym:** Emotional, Expressive, Sensitive
- **Connotation:** Neutral

Use in Non-Fiction (300 words max.):

Stoicism, an ancient philosophy, advocates endurance and rational thinking. In modern life, being stoic is a valuable trait, helping individuals navigate stress and adversity. Many leaders, soldiers, and philosophers embrace stoicism to maintain composure. However, excessive stoicism may lead to emotional suppression rather than genuine resilience.

Correct and Incorrect Usage (English + Hindi Equivalent):

✓ **Correct:** Despite the hardships, he remained stoic. (कठिनाइयों के बावजूद, वह संयमी बना रहा।)

✗ **Incorrect:** She showed a stoic excitement for the event. (उसने आयोजन के लिए संयमी उत्साह दिखाया।) [Incorrect, as 'stoic' contradicts 'excitement'.]

Example (English + Hindi Equivalent):

- The soldier remained stoic in the face of danger. (सैनिक खतरे के सामने संयमी बना रहा।)

Detailed Low-Level Grammatical Structure Explanation of the Example:

- *The soldier* (Definite Article + Noun, Subject)
- *remained* (Verb, Past Tense, Linking Verb)
- *stoic* (Adjective, Subject Complement)
- *in the face of danger* (Prepositional Phrase, Adverbial Modifier)

My Statement:

- (ADJECTIVE)
 - The stoic nature of the person can be beneficial and disastrous for him. ***
 - The stoic nature of a person can be both beneficial and disastrous for them.
 - Stoic individuals learn to resist the temptation of their desires to see the reality. ***
 - Stoic individuals learn to resist the temptation of their desires in order to see reality.
 - To become a stoic person, an individual has to go through so many hardships of life. ***
 - To become a stoic person, one must endure many hardships in life.
- (NOUN)
 - It is hard to become stoic as it requires a mindset which is rigid and requires years of practice. ***
 - It is hard to become stoic, as it requires a rigid mindset and years of practice.
 - Someone who is stoic, may have a tendency to conclude the best path to follow in life. ***
 - Someone who is stoic may have a tendency to determine the best path to follow in life.
 - Learning the way through difficulties can make us stoic. ***
 - Learning to navigate difficulties can make us stoic.
