Foresaw, Foresight, Jousting, Slew, Imminent

1. Foresaw (पूर्वानुमान लगाया) (Verb) (for-saw) (Neutral/Formal)

- **Meaning (English):** Predicted or was aware of something in advance.
- **Meaning (Hindi):** पहले से किसी घटना का अनुमान लगा लेना।
- **Origin Flowchart & Etymology:**
 - Old English → **fore-** (before) + **sēon** (to see) → *foresee* (to see beforehand) → **past tense: foresaw**
- **Synonym + Antonym:**
 - **Synonyms:** Predicted, anticipated, envisioned
 - **Antonyms:** Missed, ignored, overlooked
- **Connotation:** Neutral, context-dependent (can be positive or negative)
- **Pictorial Scenario:** A strategist standing on a hilltop with a map, visualizing an enemy's approach before anyone else.

- **Use in Non-Fiction (100 words):**

Historical leaders who foresaw economic crises were often ignored in the moment, yet proven right in hindsight. In corporate settings, those who foresaw market shifts pivoted

earlier and survived downturns. Foresight and the ability to foresee danger or opportunity form the core of strategic leadership. Scientific progress often stems from minds that foresaw applications long before practical solutions were available.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

-  **Correct:** She foresaw the consequences of ignoring the data. (उसने आँकड़ों को अनदेखा करने के परिणाम पहले ही देख लिए।)
-  **Incorrect:** "She will foresaw the results." → (Wrong tense; should be "will foresee")

- **Example (English + Hindi Equivalent) + Grammatical Breakdown:**

- He foresaw a major financial crash years before it happened. (उसने कई साल पहले ही एक बड़ी आर्थिक गिरावट का पूर्वानुमान लगा लिया था।)
- **Grammar Breakdown:**
 - Subject (He) + Verb (foresaw - V2 of foresee) + Object (a major financial crash) + Time Clause (years before it happened)

- **Common Collocations:**

- foresaw danger, foresaw consequences, foresaw victory

- **My Statement:**

- There are always certain clues that help us foresaw the future events in advance.

- There are always certain clues that help us foresee future events in advance.
- Those who dare to foresaw opportunities through strategic methodology evolve fundamentally. ***
- Those who dare to foresee opportunities through strategic methodology evolve fundamentally.
- She foresaw the virus outbreak before it was even a major headline in the news.

- **My Notes:**

- **V1 to V5 (Foresaw)**
 - V1: Base form (to foresee)
 - V2: Past tense (foresaw)
 - V3: Past participle (foreseen)
 - V4: Present participle (foreseeing)
 - V5: Third-person singular present (foresees)

2. Foresight (दूरदृष्टि) (Noun) (fore-sait) (Positive/Formal)

- **Meaning (English):** The ability to predict or plan for the future.
- **Meaning (Hindi):** भविष्य के लिए सोचने और योजना बनाने की क्षमता।
- **Origin Flowchart & Etymology:**
 - Old English → **fore-** (before) + **sight** (seeing) → *foresight*
- **Synonym + Antonym:**
 - **Synonyms:** Vision, prudence, anticipation
 - **Antonyms:** Shortsightedness, negligence
- **Connotation:** Strongly positive
- **Pictorial Scenario:** A teacher saving extra materials, predicting the supply shortage later in the year.

- **Use in Non-Fiction (100 words):**

Foresight is often regarded as one of the core traits of great leaders and policymakers. It reflects a capacity to anticipate long-term consequences and make proactive decisions. Urban planners, for instance, need foresight to design sustainable infrastructure that will serve future generations. In business, foresight separates surviving companies from those that vanish in changing markets.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

-  **Correct:** Her foresight helped the company survive the recession. (उसकी दूरदृष्टि ने कंपनी को मंदी से उबरने में मदद की।)
-  **Incorrect:** "He had a good foresaw." → (Wrong noun form; should be "foresight")

- **Example (English + Hindi Equivalent) + Grammatical Breakdown:**

- Their foresight in investing early led to huge profits. (शुरुआत में निवेश करने की उनकी दूरदृष्टि से उन्हें भारी मुनाफा हुआ।)
- **Grammar Breakdown:**
 - Subject (Their foresight) + Prepositional Phrase (in investing early) + Verb Phrase (led to huge profits)

- **Common Collocations:**

- strategic foresight, remarkable foresight, lack of foresight

- **My Statement:**

- Her foresight is recognized to be very accurate which helped her beat people in competitive space. ***
- Her foresight is recognized as highly accurate, which has helped her outperform others in competitive environments.
- We need to work on our foresight to be able to match the standards of the world and even exceed the bare minimum. ***
- We need to improve our foresight to meet global standards and go beyond the bare minimum.
- Maintaining a robust foresight helps us in the long run. ***
- Maintaining strong foresight helps us in the long run.

- **My Notes:** [Leave as Placeholder]

3. Jousting (भाले की लड़ाई) (Noun/Verb – Gerund) (jow-sting) (Historical/Formal/Neutral)

- **Meaning (English):** A medieval sport where two opponents fight on horseback with lances; can also mean verbal or ideological sparring.
- **Meaning (Hindi):** भाले से घुड़सवारी पर लड़ा जाने वाला युद्ध; या तर्क-वितर्क में भिड़ंत।
- **Origin Flowchart & Etymology:**
 - Latin *juxta* (next to) → **Old French *jouster* (to meet in combat)** → Middle English *joust*
- **Synonym + Antonym:**
 - **Synonyms:** Sparring, dueling, clashing
 - **Antonyms:** Agreement, harmony
- **Connotation:** Neutral; depends on context (can be thrilling, intense, or contentious)
- **Pictorial Scenario:** Two knights charging toward each other in a tournament while a crowd watches.

- **Use in Non-Fiction (100 words):**

In today's political discourse, verbal jousting often replaces genuine debate. What was once a physical contest between knights has evolved into sharp exchanges of ideas. During electoral campaigns, candidates engage in rhetorical jousting, attacking each

other's records or policies to gain favor. Though sometimes lacking depth, these confrontations reflect deeper ideological divides.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

-  **Correct:** The candidates were jousting over economic reforms. (उम्मीदवार आर्थिक सुधारों पर तर्क कर रहे थे।)
-  **Incorrect:** "They were doing jousting." → (Unnatural phrasing)

- **Example (English + Hindi Equivalent) + Grammatical Breakdown:**

- Jousting between the rivals continued through the night. (प्रतिद्वंद्वियों के बीच बहस रात भर चलती रही।)
- **Grammar Breakdown:**
 - Gerund (Jousting) as Subject + Prepositional Phrase (between the rivals) + Verb (continued) + Time (through the night)

- **Common Collocations:**

- verbal jousting, political jousting, jousting match

- **My Statement:**

- **(NOUN)**
 - People came from various places to see the jousting among several warriors. ***
 - People came from various places to watch the jousting between several warriors.
 - The event of jousting was once very popular in the town, but its popularity faded over time. ***
 - Jousting was once a very popular event in the town, but its popularity faded over time.
 - We could not control their jousting and how they interact with other players. ***
 - We could not control their jousting or how they interacted with other players.
- **(VERB)**
 - Jousting between critics and politicians started when they were live on television. ***

- Jousting between critics and politicians began when they went live on television.
 - She started jousting with her teammates for making wrong decisions for the 10th time. ***
 - She started jousting with her teammates after they made the wrong decision for the tenth time.
 - Some tension between them began jousting during the critical time which was supposed to be devoted for other work. ***
 - Tension between them led to jousting during a critical time that was meant for other work.
- **My Notes:** [Leave as Placeholder]

4. Slew (अनेक/गिरा दिया) (*Noun/Verb*) (*sloo*) (*Neutral/Contextual*)

- **Meaning (English):**

- (**Noun**): A large number or quantity
- (**Verb**): To turn or twist something sharply; also, to kill violently

- **Meaning (Hindi):**

- (**Noun**): बहुत बड़ी संख्या
- (**Verb**): तेज़ी से मोड़ना; मार देना

- **Origin Flowchart & Etymology:**

- (**Verb**) Old Norse *slá* (to strike) → **Middle English** *slōgh/slayn*
- (**Noun**) US colloquialism from Irish *sluagh* (host, crowd)

- **Synonym + Antonym:**

- **Synonyms:** (*noun*) multitude, pile, bunch
- **Synonyms:** (*verb*) pivot, slay, twist
- **Antonyms:** (*noun*) few, scarcity

- **Connotation:** Neutral, sometimes negative if used as “slay”

- **Pictorial Scenario:** A ship slewing to one side during a storm; a screen filled with a slew of notifications.

- **Use in Non-Fiction (100 words):**

In the digital world, a slew of innovations can disrupt established markets almost overnight. Startups leverage this constant flow to maintain relevance, but managing such a slew requires careful selection. Meanwhile, in warfare terminology, “slew” reflects decisive actions taken in strategy or combat, often ending in elimination or significant damage. Its dual usage as quantity and action creates versatility across contexts.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

-  **Correct** (Noun): There's a whole slew of tasks waiting for you.
 - (आपके लिए ढेर सारे काम इंतजार कर रहे हैं।)
-  **Correct** (Verb): The car slewed off the road. (गाड़ी सड़क से फिसल गई।)
-  **Incorrect**: “He slew many homework.” → (Incorrect object and usage)

- **Example (English + Hindi Equivalent) + Grammatical Breakdown:**

- A slew of complaints flooded the customer service line. (शिकायतों की भरमार ग्राहक सेवा लाइन में आ गई।)
- **Grammar Breakdown:**
 - Subject (A slew of complaints) + Verb (flooded) + Object (the customer service line)

- **Common Collocations:** slew of data, slew of challenges, slewed vehicle

- **My Statement:**

- **(NOUN)**
 - A slew of zombies entered the building which was later bombed by the army. ***
 - A slew of zombies entered the building, which was later bombed by the army.
 - On the public holiday, a slew of tourists visited the popular destination and made the place overcrowded. ***
 - On the public holiday, a slew of tourists visited the popular destination, making the place overcrowded.
 - A slew of hungry birds migrate from one place to another in search of food. ***
 - A slew of hungry birds migrates from one place to another in search of food.

- **(VERB)**

- She slewed the car too fastly in a way that it was about to rollover. ***
- She slewed the car too sharply, and it was about to roll over.
- The plane slewed off in the middle of the Atlantic ocean due to low fuel in the tank. ***
- The plane slewed off course over the Atlantic Ocean due to low fuel.
- The captain slewed the boat then they witnessed a pirate ship coming along their way. ***
- The captain slewed the boat, and then they spotted a pirate ship heading their way.

- **My Notes:** [Leave as Placeholder]

5. Imminent (आसन्न) (*Adjective*) (*im-uh-nuhnt*) (*Urgent/Serious Tone*)

- **Meaning (English):** About to happen very soon.
- **Meaning (Hindi):** जो शीघ्र ही घटित होने वाला हो।
- **Origin Flowchart & Etymology:**
 - Latin *imminēre* (to project, overhang) → **Old French** *imminent* → English
- **Synonym + Antonym:**
 - **Synonyms:** Impending, approaching, near
 - **Antonyms:** Distant, avoidable, remote
- **Connotation:** Serious or urgent; often negative (e.g., imminent danger)
- **Pictorial Scenario:** A volcanic mountain rumbling with smoke, signaling imminent eruption.

- **Use in Non-Fiction (100 words):**

Climate scientists warn of imminent ecological disasters if policy changes are delayed. In economics, analysts predict imminent market crashes during volatile periods. The word is used across disciplines—military, medical, environmental—to emphasize urgency. Unlike speculative predictions, “imminent” implies evidence-backed, nearly certain events, prompting immediate action. It carries weight in legal and public safety communications.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

-  **Correct:** An imminent storm forced the evacuation of the coastal town. (एक आसन्न तूफान ने तटीय शहर की निकासी को मजबूर कर दिया।)
-  **Incorrect:** "Imminent was already happened." → (Incorrect tense and usage)

- **Example (English + Hindi Equivalent) + Grammatical Breakdown:**

- War was imminent after the failed negotiations. (वार्ता विफल होने के बाद युद्ध आसन्न था।)
- **Grammar Breakdown:**
 - Subject (War) + Linking Verb (was) + Adjective (imminent) + Time Clause (after the failed negotiations)

- **Common Collocations:**

- imminent danger, imminent threat, imminent change

- **My Statement:**

- The imminent threat of war was looming over the country due to their mistake and non-compliance. ***
- The imminent threat of war loomed over the country due to their mistake and non-compliance.
- His imminent future was bright and secure for something good. ***
- An imminent breakthrough in his career seemed likely, given the recent developments.
- After a success in his interview, he saw imminent changes that will happen in his life. ***
- After succeeding in his interview, he sensed imminent changes approaching in his life.

- **My Notes:**

- "Imminent" refers to something that is about to happen very soon and is often used with threats or urgent events (e.g., imminent danger), not generally with something like a "bright future."
