Tariff, Severe, Absolute, Incriminate, Manoeuvred

1. Tariff (शुल्क) (Noun) ('tæ-rif) (Formal/Neutral)

- **Meaning (English):** A tax or duty to be paid on a particular class of imports or exports.
- **Meaning (Hindi):** किसी वस्तु के आयात या निर्यात पर लगाया गया कर या शुल्क।
- **Origin Flowchart & Etymology:**
 - Arabic *ta'rif* (notification) → Italian *tariffa* → French *tarif* → English *tariff*
- **Synonym + Antonym:**
 - **Synonym:** duty, levy, tax
 - **Antonym:** exemption, subsidy
- **Connotation:** Neutral/Regulatory
- **Pictorial Scenario:** A ship docked at the port, with containers labeled "Imported Electronics," and a customs officer calculating the tariff based on country of origin.

- **Use in Non-Fiction (100 words):**

In global economics, tariffs play a pivotal role in regulating international trade. Countries often impose tariffs to protect domestic industries from foreign competition, or as a retaliatory measure during trade disputes. For instance, if country A imports steel from

country B, it may impose a tariff to discourage over-dependence. However, excessive tariffs may also trigger trade wars, harming consumers and businesses. In modern times, digital services and intellectual properties are also being considered for tariff adjustments, thereby expanding the scope of taxation beyond physical goods.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

- ✓ **Correct:** The government imposed a new tariff on luxury cars. (सरकार ने लक्ज़री कारों पर नया शुल्क लगाया।)
- ✗ **Incorrect:** He paid the tariff at the restaurant. (Incorrect – use "bill" or "charges")

- **Example (English + Hindi Equivalent) + Structure:**

- *The new tariff on imported electronics caused prices to rise.* (आयातित इलेक्ट्रॉनिक्स पर नए शुल्क ने कीमतें बढ़ा दीं।)
- **Grammar:**
 - [Determiner + Adjective + Noun] → *The new tariff*
 - [Prepositional Phrase] → *on imported electronics*
 - [Verb + Infinitive] → *caused prices to rise*

- **Common Collocations:**

- impose a tariff, reduce tariffs, trade tariffs

- **My Statement:**

- The tariff war started between US and China surging prices to unbelievable highs. ***
- The tariff war between the US and China caused prices to surge to unbelievable highs.
- Increasing tariff caused sudden panic among investors which negatively impacted the whole market. ***
- Rising tariffs triggered sudden panic among investors, negatively impacting the entire market.
- A country has to regulate its tariff rules to make balance for both domestic and international players. ***
- A country must regulate its tariff policies to strike a balance between domestic and international players.

- **My Notes:** [Leave as Placeholder]

2. Severe (गंभीर / तीव्र) (Adjective) (sə-ˈvɪr) (Serious/Intense)

- **Meaning (English):** Very great; intense or harsh in degree or manner.
- **Meaning (Hindi):** बहुत अधिक, तीव्र या कठोर।
- **Origin Flowchart & Etymology:**
 - Latin *severus* (serious, strict) → **Old French *severe*** → English *severe*
- **Synonym + Antonym:**
 - **Synonym:** intense, harsh, grave
 - **Antonym:** mild, gentle, lenient
- **Connotation:** Negative or Serious
- **Pictorial Scenario:** A news anchor reporting on a *severe drought* with dry cracked land in the background.

- **Use in Non-Fiction (100 words):**

Natural disasters often come with severe consequences. A severe cyclone, for instance, can displace thousands and affect regional infrastructure. Governments issue severe weather warnings to prepare citizens in advance. In medicine, a severe allergic reaction might require immediate attention. Severity also finds application in law and education when referring to punishment or performance expectations. It is a word that conveys urgency and seriousness, often prompting response or action.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

- ✓ **Correct:** The region is facing a severe water shortage. (क्षेत्र गंभीर जल संकट का सामना कर रहा है।)
- ✗ **Incorrect:** That movie was severe. (Incorrect tone—"intense" or "dark" would be better)

- **Example (English + Hindi Equivalent) + Structure:**

- *The patient was in severe pain after surgery.* (सर्जरी के बाद मरीज को तीव्र दर्द हो रहा था।)
- **Structure:**
 - [Subject + Verb + Prepositional Phrase] → *The patient was in severe pain*
 - [Adverbial phrase] → *after surgery*

- **Common Collocations:**

- severe consequences, severe injury, severe criticism

- **My Statement:**

- He cannot handle severe criticism against him. ***
- He cannot handle severe criticism directed at him.
- Media has the role to show severe negative consequences in the environment due to unregulated mining activities. ***
- The media plays a role in highlighting severe environmental consequences caused by unregulated mining.
- Due to rising pollution, severe pitfalls are ready to emerge whose solution is not available to all. ***
- Due to rising pollution, severe pitfalls are likely to emerge, for which solutions are not accessible to everyone.

- **My Notes:** [Leave as Placeholder]

3. Absolute (पूर्ण / निरंकुश) (Adjective/Noun) ('æb-sə-,lu:t) (Authoritative/Complete)

- **Meaning (English):** Total, complete, or not relative; also used to describe unchecked power or authority.
- **Meaning (Hindi):** पूर्ण रूप से; जो किसी सीमा से बंधा न हो।
- **Origin Flowchart & Etymology:**
 - Latin *absolutus* (freed, unrestricted) → **Middle English *absolute***
- **Synonym + Antonym:**
 - **Synonym:** total, unrestricted, definite
 - **Antonym:** partial, relative, conditional
- **Connotation:** Depends on context (positive when clarity is intended; negative in power context)
- **Pictorial Scenario:** A king seated on a throne labeled “Absolute Power,” making laws without council.

- **Use in Non-Fiction (100 words):**

In political science, an absolute monarchy refers to a system where the ruler holds unchallenged power. This contrasts with constitutional monarchies that limit authority via

law. In science, the term “absolute zero” denotes a temperature where atomic motion stops. The word also applies to philosophical contexts, representing unchangeable truths or values. While the appeal of absolutes lies in their clarity, they may also ignore nuance or adaptability, which modern democratic societies often require.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

- ✓ **Correct:** The ruler demanded absolute loyalty from his subjects. (शासक ने प्रजा से पूर्ण निष्ठा की मांग की।)
- ✗ **Incorrect:** I want absolute of that burger. (Incorrect use—"all of" or "entire" is better)

- **Example (English + Hindi Equivalent) + Structure:**

- *He maintained absolute control over the entire operation.* (उसने पूरे अभियान पर पूर्ण नियंत्रण बनाए रखा।)
- **Grammar:**
 - [Subject + Verb + Object Phrase] → *He maintained absolute control*
 - [Prepositional Phrase] → *over the entire operation*

- **Common Collocations:**

- absolute control, absolute truth, absolute value

- **My Statement:**

- **(ADJECTIVE)**
 - He maintained an absolute control over his time which helped him exceed his expectations. ***
 - He maintained absolute control over his time, which helped him exceed his expectations.
 - He was an absolute winner of the race which provided him recognition he always wanted. ***
 - He was the absolute winner of the race, which provided him the recognition he had always wanted.
 - I will provide you the absolute value of this item which no other can guarantee. ***
 - I will provide you with the absolute value of this item, which no one else can guarantee.

- **(NOUN)**

- We need something absolute to began our journey in a right direction. ***
- We need something absolute to begin our journey in the right direction.
- An absolute can dictate you in any way possible, you just listens to your thoughts. ***
- An absolute can dictate you in any way possible; you just listen to your thoughts.
- His thoughts are rigid and absolute, no one can challenge him in his domain. ***
- He holds firm to the absolute — a belief that cannot be questioned in his domain.

- **My Notes:**

-  “Absolute” can be used as a noun, but it’s uncommon outside philosophical, logical, or abstract contexts (e.g., “the Absolute” in metaphysics = the ultimate reality or truth).
-  Avoid using it casually as a noun in general speech unless the context supports abstract principles or ultimate values.
- **Examples (Absolute as Noun)**
 - She believes in the existence of a moral absolute that guides human behavior. (“Absolute” here means a universal, unchanging principle.)
 - In mathematics, zero is considered an absolute in certain contexts. (Here, “absolute” refers to something regarded as a fundamental constant.)
 - Some philosophers argue that truth is not relative but an absolute. (Used as a noun to denote an ultimate, unchanging truth.)
 - The dictator ruled as an absolute, with unchecked authority over his subjects. (Here, “absolute” refers to a person with total power—less common but valid.)

4. Incriminate (अपराधी ठहराना) (Verb) (in-'kri-mə-,neɪt) (Legal/Serious)

- **Meaning (English):** To make someone appear guilty of a crime or wrongdoing.
- **Meaning (Hindi):** किसी को अपराधी ठहराना या उस पर आरोप लगाना।
- **Origin Flowchart & Etymology:**
 - Latin *incriminare* (to accuse) → **English *incriminate***
- **Synonym + Antonym:**
 - **Synonym:** accuse, implicate, charge
 - **Antonym:** exonerate, acquit, absolve
- **Connotation:** Negative/Legal
- **Pictorial Scenario:** A person pointing a finger at another in a courtroom with documents labeled “Evidence.”

- **Use in Non-Fiction (100 words):**

The legal system is careful with evidence that could incriminate individuals. To incriminate someone without substantial proof can ruin reputations and derail justice. In some cases, people are incriminated based on circumstantial evidence, which may not hold under scrutiny. In modern surveillance and digital forensics, metadata and

communication logs can be used to incriminate or exonerate suspects. Legal ethics demand that no one should be incriminated without due process and a fair trial.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

- ✓ **Correct:** The evidence could incriminate several suspects. (इस साक्ष्य से कई संदिग्धों को अपराधी ठहराया जा सकता है।)
- ✗ **Incorrect:** I incriminate my mobile for breaking. (Incorrect – “blame” would be correct)

- **Example (English + Hindi Equivalent) + Structure:**

- *The witness's statement could incriminate the politician.* (गवाह का बयान राजनेता को अपराधी ठहरा सकता है।)
- **Grammar:**
 - [Subject + Verb + Object] → *The witness's statement could incriminate*
 - [Indirect Object] → *the politician*

- **Common Collocations:**

- incriminate someone, incriminate with evidence, incriminate falsely

- **My Statement:**

- They tried their best to incriminate me but the evidence was a dime a dozen. ***
- They tried their best to incriminate me, but the evidence was a dime a dozen.
- We need better redressal methods that could protect innocent people from being incriminated by powerful parties. ***
- We need better redressal methods that can protect innocent people from being incriminated by powerful parties.
- Even though people try to incriminate others with promising proofs, several others viewpoints are still taken into consideration. ***
- Even though people try to incriminate others with seemingly promising proof, multiple other viewpoints are still taken into consideration.

- **My Notes:** [Leave as Placeholder]

5. Manoeuvred (चालाकी से संभालना / चलाना) (Verb – Past tense of 'Manoeuvre') (mə-ˈnuː-vərd) (Strategic/Clever)

- **Meaning (English):** Moved or handled skillfully or carefully; often used to indicate strategic positioning.
- **Meaning (Hindi):** किसी स्थिति या परिस्थिति को कुशलता से संभालना या चलाना।
- **Origin Flowchart & Etymology:**
 - French *manœuvre* (manual labor) → **English** *manoeuvre* → Past tense *manoeuvred*
- **Synonym + Antonym:**
 - **Synonym:** navigated, negotiated, steered
 - **Antonym:** mishandled, stumbled, blundered
- **Connotation:** Positive/Skillful
- **Pictorial Scenario:** A chessboard with a player repositioning a knight to trap the opponent's queen.

- **Use in Non-Fiction (100 words):**

Leaders and diplomats often manoeuvre through complex political landscapes to achieve their goals. It is a term also used in military contexts when describing troop movements. In everyday life, someone might have manoeuvred their way through a

tough interview, or a company might have manoeuvred a hostile takeover. The word implies strategic planning and calculated movement. Whether in driving, negotiations, or career planning, being able to manoeuvre through difficult situations is a valuable life skill.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

- ✓ **Correct:** He manoeuvred through traffic with surprising ease. (उसने ट्रैफिक में चतुराई से गाड़ी चलाई।)
- ✗ **Incorrect:** He manoeuvred the question wrong. (Incorrect – "handled" or "answered" fits better)

- **Example (English + Hindi Equivalent) + Structure:**

- *She manoeuvred the conversation away from politics.* (उसने बातचीत को राजनीति से दूर ले जाया।)
- **Grammar:**
 - [Subject + Verb + Object] → *She manoeuvred the conversation*
 - [Prepositional Phrase] → *away from politics*

- **Common Collocations:**

- manoeuvred carefully, successfully manoeuvred, manoeuvred the situation

- **My Statement:**

- He quickly manoeuvred his carrer path when he realized several pitfalls along the way. ***
- He quickly manoeuvred his career path when he realized several pitfalls along the way.
- He was initially hesitant to manoeuvre from his current position but later realized he was too late. ***
- He was initially hesitant to manoeuvre from his current position but later realized he was too late.
- To avoid potential pitfalls, one would have to manoeuverd and get on the right track as soon as possible. ***
- To avoid potential pitfalls, one would have to manoeuvre and get on the right track as soon as possible.

- **My Notes:** [Leave as Placeholder]
