1 Contrived (कृत्रिम) (Adjective) (con-trived) (Tone: Negative)

- **Meaning (English):** Artificially created or deliberately arranged rather than arising naturally; forced.
- **Meaning (Hindi):** बनावटी या कृत्रिम; जो स्वाभाविक रूप से न होकर जानबूझकर बनाया गया हो।
- **Origin Flowchart & Etymology:**
 - Latin *contrivare* → “to devise” → Old French *contriver* → Middle English *contrive* → *contrived*
- **Synonym + Antonym:**

- **Connotation:** Negative (implies lack of authenticity or sincerity)
- **Pictorial Scenario:** A writer creates a story ending that feels overly perfect, as if forced to please readers.

- **Use in Non-Fiction (in 100 words):**

In modern storytelling, endings that seem too neat or convenient often receive criticism for being contrived. Readers today value authenticity, unpredictability, and emotional depth. A contrived resolution may fulfill the plot logically but fail to connect emotionally. Similarly, in workplace decisions, overly “planned” outcomes may appear manipulative or calculated rather than organic, reducing credibility.
