Pretense, Infamously, Prowess, Impious, Trojan

## 1 Pretense (दिखावा / बनावट) (Noun) (pre-tens) (Negative)

- **Meaning (English):** An attempt to make something that is not true appear real; false display; pretending.
- **Meaning (Hindi):** झूठा दिखावा; ऐसी चीज़ जो वास्तविक न होते हुए भी वास्तविक दिखाई जाए।
- **Origin Flowchart & Etymology:**
  - Latin *praetendere* (to stretch forth, pretend) → **Old French** *pretensse* → English "pretense"
- **Synonym + Antonym:**
  - **Synonym:** facade, act, deceit
  - **Antonym:** honesty, sincerity, authenticity
- **Connotation:** Negative; implies falseness or deception.
- **Pictorial Scenario:** Someone smiling politely while secretly disliking the situation.

### • Use in Non-Fiction (100 words):

Pretense often appears in discussions on human behavior, social psychology, and leadership ethics. Individuals may maintain a pretense to fit in, avoid conflict, or mask

insecurity. In corporate environments, pretense can manifest through exaggerated confidence or forced optimism. Sociologists examine how cultural expectations encourage people to adopt pretenses that hide their true emotions. Literary analysis frequently highlights characters who use pretense to manipulate situations or protect themselves. Understanding pretense helps identify communication barriers, emotional dishonesty, and power dynamics, ultimately enabling healthier interactions and more transparent decision-making.

- **Correct and Incorrect Usage:**

- ✓ *He dropped all pretense and spoke honestly.* — उसने सारा दिखावा छोड़कर ईमानदारी से बात की।
- ✗ *She made a pretense of homework.* (Incorrect: contextually unnatural)

- **Word Hack of the Day (50 words):**

- Use “pretense” to reveal false fronts—emotional, social, or strategic. Whenever someone hides their true intentions or feelings, replace vague terms like “fake behavior” with “pretense.” This word helps you identify and express subtle dishonesty, masked motives, or artificial confidence with clarity, making your writing more precise and insightful.

- **Example (English + Hindi Equivalent):**

- *She maintained a pretense of confidence.* (उसने आत्मविश्वास का दिखावा बनाए रखा।)
- **Grammar Breakdown:**
  - **S (Subject):** She
  - **V (Verb – Transitive):** maintained
  - **O (Object):** a pretense of confidence

- **Common Collocations:**

- false pretense, under the pretense, pretense of confidence, drop the pretense

- **My Statement:**

- They displayed a pretense of victory while they were losing the battle every second.
- They were living under the pretense of safety.
- She maintained a pretense of confidence throughout the entire interview.

- **My Notes:** [Leave as Placeholder]

## 2 Infamously (बदनामी से / कुख्यात रूप से) (Adverb) (in-fuh-mus-lee) (Negative)

- **Meaning (English):** In a manner that is well-known for something bad or shameful.
- **Meaning (Hindi):** कुख्यात तरीके से; बदनाम रूप से।
- **Origin Flowchart & Etymology:**
  - Latin *infamia* (disgrace) → “**infamous**” → “infamously”
- **Synonym + Antonym:**
  - **Synonym:** notoriously, shamefully, disgracefully
  - **Antonym:** admirably, honorably
- **Connotation:** Strongly negative; often used for scandals or notorious actions.
- **Pictorial Scenario:** A villain widely known for a scandal.

### ● Use in Non-Fiction (100 words):

“Infamously” is commonly used in historical writing, journalism, and political analysis to emphasize events or decisions that left a negative legacy. Historians may describe leaders who infamously mishandled crises or policies that infamously failed despite grand promises. Journalists use the word to highlight scandals or failures that became widely recognized. In business literature, companies that infamously collapsed serve as cautionary case studies. The adverb adds weight by signaling that the negative

reputation is both significant and well-known. Understanding its tone helps writers convey severity without exaggeration.

- **Correct and Incorrect Usage:**

- ✓ *The law was infamously misused during the regime.* — शासनकाल में इस कानून का कुख्यात रूप से दुरुपयोग हुआ।
- ✗ *He infamously won the award.* (Contradiction)

- **Word Hack of the Day (50 words):**

- Use “infamously” to highlight actions or events remembered for the wrong reasons. When describing scandals, failures, or notorious decisions, swap ordinary phrasing with “infamously” to add weight and clarity. It signals that the negative reputation is widespread and enduring, sharpening analysis and giving your writing a bold, impactful edge.

- **Example (English + Hindi Equivalent):**

- *The policy was infamously criticized nationwide.* (नीति की पूरे देश में कुख्यात रूप से आलोचना हुई।)

- **Grammar Breakdown:**

- S (Subject): The policy
- V (Verb – Passive): was criticized
- Adv (Adverb of Manner): infamously
- + (Adverbial of Place/Extent): nationwide

- **Common Collocations:**

- infamously known, infamously remembered, infamously failed, infamously corrupt

- **My Statement:**

- The employer of the region is infamously noted for his bad deeds.
- The event is infamously remembered for harming thousands of sea creatures.
- Some of the officers are infamously corrupt in this state.

- **My Notes:** [Leave as Placeholder]

### 3 Prowess (कुशलता / वीरता) (Noun) (prao-es) (Positive)

- **Meaning (English):** Exceptional skill, ability, or bravery in a particular field.
- **Meaning (Hindi):** विशेष कुशलता, योग्यता, या वीरता।
- **Origin Flowchart & Etymology:**
  - Old French *proesse* (bravery) → **Medieval English *prowes*** → prowess
- **Synonym + Antonym:**
  - **Synonym:** skill, mastery, expertise
  - **Antonym:** incompetence, ineptitude
- **Connotation:** Positive; highlights excellence.
- **Pictorial Scenario:** An athlete performing at a championship level.

- **Use in Non-Fiction (100 words):**

The term “prowess” is common in academic writing, sports analysis, and leadership literature. It highlights excellence achieved through discipline and sustained effort. Scholars may reference intellectual prowess in research achievements, while coaches describe athletic prowess in performance evaluation. In historical texts, prowess often refers to battlefield courage or remarkable strategic ability. Modern professional writing uses the term to emphasize mastery in fields like technology, medicine, and

entrepreneurship. Studying prowess helps readers understand the factors behind exceptional performance and the habits that distinguish top achievers.

- **Correct and Incorrect Usage:**

- ✓ *Her linguistic prowess impressed the committee.* — उसकी भाषाई कुशलता ने समिति को प्रभावित किया।
- ✗ *His prowess was to eat fast.* (Incorrect domain)

- **Word Hack of the Day (50 words):**

- Use “prowess” to emphasize excellence that goes beyond basic skill. Whenever someone demonstrates mastery—athletic, intellectual, artistic, or strategic—replace simple praise with “prowess.” It adds depth and sophistication to your writing, spotlighting capability earned through discipline, resilience, and consistent performance at a high level.

- **Example (English + Hindi Equivalent):**

- *The surgeon displayed remarkable prowess.* (सर्जन ने उल्लेखनीय कुशलता दिखाई।)
- **Grammar Breakdown:**
  - S (Subject): The surgeon
  - V (Verb – Transitive): displayed
  - O (Object): remarkable prowess

- **Common Collocations:**

- athletic prowess, intellectual prowess, military prowess, technical prowess

- **My Statement:**

- Our nation needs intellectual prowess to strengthen its scientific departments.
- We only hire people with technical prowess.
- Over the span of a century, they developed strong military prowess.

- **My Notes:** [Leave as Placeholder]

#### 4 Impious (अधार्मिक / अनादरपूर्ण) (Adjective) (im-pee-us) (Negative)

- **Meaning (English):** Showing a lack of respect for religion, sacred things, or established moral values.
- **Meaning (Hindi):** धार्मिक चीज़ों या मूल्य प्रणाली के प्रति अनादरपूर्ण।
- **Origin Flowchart & Etymology:**
  - Latin *impius* (irreverent) → English “impious”
- **Synonym + Antonym:**
  - **Synonym:** irreverent, sacrilegious, disrespectful
  - **Antonym:** pious, reverent, devout
- **Connotation:** Strongly negative; often moral or religious.
- **Pictorial Scenario:** Someone mocking a religious ritual while others watch angrily.

#### • Use in Non-Fiction (100 words):

The term “impious” appears frequently in religious studies, moral philosophy, and historical accounts. Authors use it to describe actions that challenge established doctrines or disrespect sacred traditions. In medieval literature, impious characters often faced severe consequences, reflecting societal values of the time. In modern discourse, “impious” may describe behaviors that violate collective moral beliefs, though its religious weight remains prominent. Scholars examine impious acts to understand social

taboos, cultural boundaries, and shifts in ethical norms. Identifying impious behavior helps contextualize conflicts between tradition and progressive change.

- **Correct and Incorrect Usage:**

- ✓ *The ruler was condemned for his impious behavior.* — शासक को उसके अधार्मिक व्यवहार के लिए निंदा झेलनी पड़ी।
- ✗ *The food tasted impious.* (Incorrect usage)

- **Word Hack of the Day (50 words):**

- Use “impious” to highlight actions or attitudes that disrespect what is sacred—religion, values, or revered traditions. Instead of saying “disrespectful,” choose “impious” to sharpen the tone and add moral weight. It helps you capture the seriousness of irreverence, especially in cultural, historical, or ethical analysis.

- **Example (English + Hindi Equivalent):**

- *His impious remarks angered the audience.* (उसकी अधार्मिक टिप्पणियों ने दर्शकों को क्रोधित कर दिया।)
- **Grammar Breakdown:**
  - S (Subject): His impious remarks
  - V (Verb – Transitive): angered
  - O (Object): the audience

- **Common Collocations:**

- impious act, impious remark, impious behavior, impious attitude

- **My Statement:**

- His impious remark was not appreciated by anyone.
- He showed an impious attitude toward the established principles in the region.
- Her impious behaviour made a lot of people upset.

- **My Notes:** [Leave as Placeholder]

**5 Trojan (ट्रोजन / धोखेबाज़ प्रवेशक) (Noun/Adjective) (tro-jan)**  
**(Neutral/Technical)**

- **Meaning (English):**
  - **Adj:** Relating to ancient Troy; or a harmful program disguised as legitimate software.
  - **Noun:** A person from Troy; or a type of malware.
- **Meaning (Hindi):** ट्रॉय का व्यक्ति; या कंप्यूटर में छिपा हानिकारक प्रोग्राम।
- **Origin Flowchart & Etymology:**
  - Ancient Greek *Troia* (Troy) → “**Trojan**” → modern computing term from “Trojan Horse”
- **Synonym + Antonym:**
  - **Synonym:** (malware sense) virus, infiltrator
  - **Antonym:** secure program, trusted software
- **Connotation:** Neutral historically; negative in cybersecurity.
- **Pictorial Scenario:** A wooden Trojan horse hiding malicious code.

- **Use in Non-Fiction (100 words):**

“Trojan” is widely used in cybersecurity to describe a malicious program that enters a system by disguising itself as safe software. Analysts categorize Trojans based on function, such as data theft, remote control, or system damage. The term originates from the ancient Greek story of the Trojan Horse, symbolizing deceptive entry. In historical writing, the word refers to the people of Troy or traits associated with them. Understanding Trojans is crucial in modern digital security, where deception-based attacks continue to evolve. Detecting and preventing such threats requires vigilance, user awareness, and advanced security tools.

- **Correct and Incorrect Usage:**

- ✓ *The system was infected by a Trojan.* — सिस्टम एक ट्रोजन से संक्रमित हो गया।
- ✗ *He ate a Trojan for lunch.* (Incorrect)

- **Word Hack of the Day (50 words):**

- Use “Trojan” whenever you want to describe hidden threats disguised as something harmless. Whether writing about cybersecurity, strategy, or human behavior, think “Trojan” to convey infiltration through deception. The word adds sharp imagery and instantly signals danger entering from the inside, not through obvious force.

- **Example (English + Hindi Equivalent):**

- *A Trojan infiltrated the company's network.* (एक ट्रोजन ने कंपनी के नेटवर्क में घुसपैठ की।)
- **Grammar Breakdown:**
  - S (Subject): A Trojan
  - V (Verb – Transitive): infiltrated
  - O (Object): the company's network

- **Common Collocations:**

- Trojan malware, Trojan attack, Trojan infection, Trojan programs

- **My Statement:**

- **(NOUN)**
  - I could not understand the Trojan.
  - The computer is infected with a trojan.
  - The word “Trojan” is related to Troy.

- **(ADJECTIVE)**
  - I purchased an antivirus to prevent Trojan infections.
  - The system was hit by Trojan attacks.
  - The attacker made sure the Trojan program infected every executable on the computer.
- **My Notes:** [Leave as Placeholder]
