Revelation, Spewed, Looming, Curbs, Forge

1. Revelation (प्रकटीकरण) (noun) (rev-uh-LAY-shun) (Neutral to Positive Tone)

- **Meaning (English):** A surprising and previously unknown fact that has been disclosed.
- **Meaning (Hindi):** कोई चौंकाने वाला और पहले से अज्ञात तथ्य जो उजागर हुआ हो।
- **Origin Flowchart & Etymology:**
 - Latin *revelare* → Old French *revelacion* → Middle English *revelacioun* → Modern *revelation*
- **Synonym + Antonym:**
 - **Synonyms:** disclosure, unveiling, discovery
 - **Antonyms:** concealment, secrecy
- **Connotation:** Often used in religious, personal, or dramatic contexts to indicate truth or clarity emerging from obscurity.
- **Pictorial Scenario:** A monk opens an ancient book, his eyes wide as he uncovers a forgotten prophecy.

- **Use in Non-Fiction (100 words):**

In the realm of science, a revelation can redefine existing paradigms. For instance, the discovery of gravitational waves was a revelation that proved Einstein's century-old predictions. Similarly, in journalism, whistleblowers may bring forth revelations that change public opinion or trigger reforms. The impact of such disclosures, whether in science, history, or personal growth, lies in their ability to reshape understanding and spark action.

- **Correct and Incorrect Usage:**
