Strike, Witted, Paranoid, Wrath, Vivacity

1. Strike (हड़ताल/मारना) (Verb/Noun) (*strai*k) (Neutral, depends on context)

- **Meaning (English):** To hit forcibly or to refuse to work as a form of protest.
- **Meaning (Hindi):** मारना या विरोध के रूप में कार्य न करना (हड़ताल करना)
- **Origin Flowchart & Etymology:**
 - Old English *strīcan* → **Middle English *strike(n)*** → Modern English *strike* (Evolved from "to pass over lightly" to "hit/impact" to "labor protest")
- **Synonym + Antonym:**
 - **Synonyms:** hit, punch, protest
 - **Antonyms:** miss, avoid, comply
- **Connotation:** Neutral to strong, depending on use (e.g., strike in anger vs. labor strike)
- **Pictorial Scenario:** A worker holding a placard reading "ON STRIKE" outside a factory gate.

- **Use in Non-Fiction (100 words):**

The coal miners decided to strike after weeks of unpaid wages. Their demand was simple — fair compensation for the grueling labor they performed daily. While some

criticized their decision for its timing, others supported the collective action as essential. The strike lasted for two weeks and led to critical policy changes, highlighting how organized labor resistance has historically played a pivotal role in workers' rights movements around the world.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

-  *The workers will strike tomorrow.* ( मज़दूर कल हड़ताल पर जाएंगे।)
-  *The workers will strike with pen.* ( मज़दूर कल पेन से हड़ताल करेंगे। – illogical context)

- **Example + Detailed Structure:**

- *He struck the door with his fist.* (उसने मुट्ठी से दरवाजा मारा।)
- **Grammar Breakdown:**
 - (His → pronoun subject | struck → V2 of "strike" | the door → direct object | with his fist → prepositional phrase showing manner)

- **Common Collocations:**

- strike a deal, strike a chord, strike out, go on strike

2. Wilted (मुरझाया हुआ) (Verb – *past participle/adjective*) ('*wil-tid*) (Negative tone)

- **Meaning (English):** Drooped or lost freshness due to heat, age, or lack of energy.
- **Meaning (Hindi):** मुरझा जाना, थक कर झुक जाना
- **Origin Flowchart & Etymology:**
 - Middle English *welten* → Old Norse *velta* ("to roll or tumble") → shift to "droop or wither"
- **Synonym + Antonym:**
 - **Synonyms:** drooped, withered, sagged
 - **Antonyms:** bloomed, fresh, energetic
- **Connotation:** Negative, associated with tiredness, decay, or lack of vitality
- **Pictorial Scenario:** A flower hanging limp under the sun without water.

- **Use in Non-Fiction (100 words):**

The spinach leaves had wilted by the time they reached the supermarket, a clear sign of inadequate refrigeration during transport. In the culinary world, presentation matters, and wilted greens often suggest poor quality. The chef emphasized that produce must be fresh and crisp to maintain both flavor and aesthetics. Beyond food, the term “wilted” is

also metaphorically used to describe people — especially when exhaustion or defeat takes a visible toll on their posture and energy.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

 - **Synonyms:** fury, rage, indignation
 - **Antonyms:** calm, peace, forgiveness
- **Connotation:** Very negative, often biblical or dramatic in tone
- **Pictorial Scenario:** A thunderstorm above a mountain with a figure yelling, arms raised.

- **Use in Non-Fiction (100 words):**

Religious texts frequently warn of divine wrath upon those who act immorally. In politics, leaders have been known to invoke public wrath when policies go awry. The term “wrath” carries connotations not just of anger, but of power, consequence, and sometimes justice. In classical literature, wrath is often the fatal flaw of otherwise noble characters. Understanding the triggers and consequences of wrath is essential in conflict resolution and behavioral psychology.

- **Correct and Incorrect Usage (English + Hindi Equivalent):**

-  *He feared the wrath of the king.* ( वह राजा के क्रोध से डरता था।)
-  *She wrath at the dog.* ( उसने कुत्ते पर क्रोध किया – incorrect verb form)
